REASON FOR THE REPORT:

Marcoux Bros. Ltd. has requested an extension of time to satisfy its due diligence and closing from July 19, 2003 to December 31, 2003, with the date of closing, possession and adjustment to be on or before January 31, 2004; and has also requested to close and purchase additional public street adjacent to the land that it is currently acquiring from the City.

HISTORY and DISCUSSION:

On January 9, 2003, the Standing Policy Committee on Property and Development approved the sale of the "subject City property" as shown on Misc. Plan No. 9367/7, to Marcoux Bros. Ltd. for the price of $80,000.00 and in accordance with certain terms and conditions and subject to Council's enactment of the proposed street closing by-law pursuant to DAC 14/2001.

The Yanke Group of Companies (Marcoux Bros. Ltd.) filed an application to legally close portions of the streets and lane as shown on the attached Misc. Plan No. 9367/5. On September 11, 2001, the Lord Selkirk-West Kildonan Community Committee (in which Community this property was located prior to a boundary change) considered application DAC 14/01 and recommended as follows:

1. That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the closing in accordance with schedule "A", Misc. Plan No. 9367/5.

2. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

Marcoux Bros. Ltd. had until July 19, 2003 to satisfy its due diligence conditions; namely, having the property rezoned for the Purchaser's intended use of the lands as a truck terminal, including vehicle storage and vehicle parking.

Marcoux Bros. had been attempting to acquire additional adjacent land within the City's corporate limits, but owned by the RM of Rosser. This would be to enable Marcoux Bros. to extensively expand its operation and to include these additional lands into its rezoning application. Marcoux Bros. has been unsuccessful in its negotiations with the RM of Rosser, however, it has acquired the private property shown as "applicant's property" on Misc. Plan No. 9367/9 and now wishes to purchase the intervening street right-of-way from the City.

Marcoux Bros. has experienced a delay in obtaining its rezoning as a result of the protracted negotiations with the RM of Rosser, and it has requested an extension of time to satisfy its due diligence conditions. On March 24, 2003 Marcoux Bros. filed a subdivision and rezoning application, which will not be dealt with by the Assiniboia Community Committee until September. Accordingly, an extension is required until at least the end of November for the rezoning process to be completed; December 31, 2003 provides a margin for any slippage in the process.

Marcoux Bros. has also applied to close a portion of Bull Avenue as shown on Misc. Plan No. 9367/9. As a result of the closing, a road opening (i.e. a vehicular turn around) will be required over a portion of the land that Marcoux Bros. is purchasing (January 9, 2003, the Standing Policy Committee on Property and Development) from the City. The net difference in land area between the street closing and opening is 303.6 sq. metres (3,268 sq. ft.). The market value of this land pro-rated to the price paid on the initial sale is $1,872.00.

The Planning, Property and Development Department recommends approval of the request for an extension of time to complete the initial sale, and approval of the offer to purchase additional land from the City.
