RECOMMENDATIONS

1. That the Assessment and Taxation Department submit an Administrative Report, for information purposes only, to the appropriate Community Committee when advertising of proposed local improvement projects initiated through a Development Agreement is about to commence.
2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

On February 19, 2015, the East Kildonan-Transcona Community Committee passed the following motion:

WHEREAS Local Improvements initiated and advertised by the City of Winnipeg have a direct impact on those who would be paying for that Local Improvement.

AND WHEREAS The Councillor for the area of the proposed Local Improvement should be consulted and notified prior to the advertisement of a Local Improvement by the Public Works Department or Water and Waste Department.

THEREFORE BE IT RESOLVED That the Executive Policy Committee request the Winnipeg Public Service to establish a policy which would require any city department, prior to the advertisement of a local improvement, to consult with the area Councillor.

On March 18, 2015 the Executive Policy Committee referred the recommendation of the East Kildonan-Transcona Community Committee to the Winnipeg Public Service to report back in 30 days.

IMPLICATIONS OF THE RECOMMENDATIONS

If approved, the appropriate Community Committee will be advised by way of an Administrative Report, for informational purposes only, when advertising of a proposed local improvement initiated through a Development Agreement is about to commence.

HISTORY

A local improvement can be initiated in the following ways:

1) By City Council;
2) By property owners by way of a petition signed by registered owners of at least 3/5 of the total real property that is to be benefited by the proposed local improvement, or;
3) By Development Agreement.

While the administrative processes from initiation to final approval may differ among these three different approaches, there is a certain level of consistency for providing notification throughout the lifecycle of the approval process leading up to advertising.

The purpose of the original motion passed by the East Kildonan-Transcona Community Committee and the intent behind the recommendation contained in this report is to further strengthen the notification requirement leading up to advertising of a local improvement.

A review of local improvement process has been completed and it is recommended that an additional "reporting step" be included in cases where a local improvement is initiated by a Development Agreement.

A Development Agreement is an agreement between the City of Winnipeg and a land developer. All Development Agreements include wording that allows a developer to request that the planned local improvement be advertised – this allows the developer to recoup their costs from privately owned lands.

When a developer requests that a local improvement be advertised, an advertisement is prepared by the Assessment and Taxation Department with assistance from other City Departments. However, the Assessment and Taxation Department currently does not provide any additional notification to the Community Committee prior to the advertisement being prepared.

As such, it is being recommended that the Assessment and Taxation Department submit an Administrative Report, for information purposes only, to the appropriate Community Committee when advertising of proposed local improvement projects initiated through Development Agreements is about to commence.
