RECOMMENDATIONS

1. That the City of Winnipeg enter into a funding agreement with the Province of Manitoba setting out the terms and conditions under which the Province will provide a WCIP grant to the City up to $20,000 for renovations and site enhancements to the Turtle Island Neighbourhood Centre.

2. That the Proper Officers of the City of Winnipeg be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council authority is required to enter into a formal agreement of this nature.

IMPLICATIONS OF THE RECOMMENDATIONS

For the City of Winnipeg to enter into an agreement with the Province of Manitoba to conduct renovations and site enhancements to the Turtle Island Neighbourhood Centre, $100,000 in capital investment will be required. The City will fund $80,000 from the 2014 Council-approved Recreational Facility Safety and Accessibility Improvements Program for the associated costs of this project. The Province has agreed to fund the additional $20,000 by means of a WCIP grant. There will be no increase in the ongoing operating costs of the Turtle Island Neighbourhood Centre as a result of the renovations and enhancements to the facility.

HISTORY

Turtle Island Neighbourhood Centre (TINC) is a successful recreation facility that provides services and supports to young people and families of the Lord Selkirk Park community. Located at 510 King Street, TINC fosters a strong sense of belonging and provides the chance for children and youth to explore, learn, and develop. Collectively, TINC staff are working to grow community partners, expand existing supports and services, add new centre activities, and develop an overall greater capacity to serve. The goal is to meet the needs of the children, youth, and families living in the Lord Selkirk Park community through a variety of programs, services, education, and mentoring and training opportunities. TINC currently partners with local agencies to offer drop-in and structured recreation and healthy living wellness programming to the children, youth, and families who attend the centre. Some of the activities currently offered to the public include: Hip Hop classes, Pow Wow Club, Jr. Rangers, Spirit of Peace Men's Group, Arts and Crafts Programs, a Computer lab, a snack program, healthy eating nutrition classes, outdoor activities, girl time workshops and Aboriginal Crafts.

Participation in the centre is excellent with continued growth on a monthly basis. Partnering with surrounding agencies, TINC staff strive to achieve a widely accessible recreation centre. Some examples of success include: over 2,408 participants visited the center in the last final quarter of 2014, 12 community groups have used the facility, along with hosting 6 agency/community meetings in the same quarter.

Given the success of the Turtle Island Neighbourhood Centre, the Community Services Department, Community Development and Recreation Services Division is supportive of the concept of investing in the Turtle Island Neighbourhood Centre.

In 2013, the City of Winnipeg applied for grant funding from the Province of Manitoba via the Winnipeg Community Infrastructure Fund. The City of Winnipeg sought funding support to reconfigure the TINC reception area into an accessible open concept in concert with the development of a youth lounge. The grant application for the TINC renovations and site enhancements was approved by the Province of Manitoba for an amount up to $20,000. The Provincial grant will not increase the value of the TINC project. Instead it will allow Council-approved Recreational Facility Safety and Accessibility Improvement funding to be directed to other projects.

The TINC Redevelopment Project Team has commenced project planning for the aforementioned renovations and site enhancements. The tentative timeline for Substantial Performance is the summer of 2015.

Additional Comments: No additional capital budget is required as a result of the recommendations of this report, as the full cost of the renovations and site enhancements in the amount of $100,000 is available in the Council-approved 2014 Recreational Facility Safety and Accessibility Improvements Program. However, the funding source for the Council-approved 2014 Recreational Facility Safety and Accessibility Improvements Program will require an amendment from Cash to Capital to Provincial Funding for the $20,000 WCIP grant.
