RECOMMENDATIONS

That the proposed lease for Winnipeg Transit at 414 Osborne Street be approved in accordance with the terms and conditions as contained in Schedule "A" incorporating such other terms and conditions deemed necessary by the City Solicitor/Director of Legal Services in order to fulfill the intent of Council.

REASON FOR THE REPORT

Council shall approve all third party leases over ten (10) years in length or over $1,000,000 for the term. The proposed lease exceeds the $1,000,000 limit.

IMPLICATIONS OF THE RECOMMENDATIONS

- The Department has determined that there are no general policy, regulatory, environmental or human resource implications to entering into a Lease Agreement as set out in the attached Terms and Conditions.

- The proposed lease would be for a term of eight (8) years with an extension option of five (5) years.

HISTORY

At its meeting held on November 2, 2004, the Standing Policy Committee on Property and Development concurred in the administrative recommendation and approved the lease for Winnipeg Transit of 7,601 square feet at 414 Osborne Street, incorporating such other terms and conditions deemed necessary by the City Solicitor/Manager of Legal Services in order to fulfill the intent of Council.

On July 9, 2009, the Director of Planning, Property and Development approved a Lease Amendment for 414 Osborne Street for an additional 1,560 square feet of leased space.

On February 28, 2015, the neighboring unit will be vacated by the current tenant. Rapid Transit recommends relocating staff from the Project Team for the Capital Integration Project (Southwest Transitway, Stage 2) into this 2,500 sq. ft. unit as 421 Osborne does not have vacant space to accommodate the new team of professionals comprising the Project Team.

The location of 414 Osborne is directly across the street from 421 Osborne which is in close proximity to the Winnipeg Transit Management Team and the Capital Integration Project construction site making this location ideal for the Project Team.

The landlord has agreed to repair and level the kitchen floor in both units as well as replace the flooring at the landlord's cost. The landlord will also perform/complete the tenant improvements at the City's cost as outlined in Schedule" 'B'.

Additional Comments: Capital expenditures relate to the "new" space only and consist of lease payments totaling $360,000 over the 8-year term + short-term financing & corporate admin fees of $10,801. The latter amount is offset by an equal recovery in the current budget of the Corporate Finance Department. Direct costs relate to the "existing" space only and, in 2015, consist of tenant improvements of $57,802 + lease payments of $129,781 (prorated for the March 1 commencement date). Direct costs from 2016 onward consist of lease payments totaling $1,189,403 to the end of the 8-year term. These costs will be charged to the current budget of the Transit Department.
