Subject: 272 Main Street

RE: letter dated April 15, 2015
Proposed removal of 272 Main Street (Former Scott Block) from the list of Historical Resources:

Dear Ms. Marques:
I am the owner of 272 Main Street in Winnipeg. We initially asked for our request to remove 272 from the list of Historical Resources be placed on hold while we exhaust all avenues attempting to make this a viable project. We are currently waiting to hear back from the city of Winnipeg and the Province of Manitoba to see if our application for the live downtown: Rental Development Program will be accepted. We believe this program could provide the opportunity & flexibility to develop the building without interrupting its historical designation. We kindly ask that our request be tabled to a meeting in the future until we better understand our options. If you wish to speak with me in person my direct mobile line is . Thank you.

Sincerely,

Mark Buleziuk
