REASON FOR THE REPORT:

In general, The City of Winnipeg cannot grant the lease of land comprising a public right-of-way except by first legally closing the public right-of-way. The City has, however, the power to permit or license the use of public right-of-way subject to the continuing pleasure of Council.

This report seeks Council's approval to a proposed Leave and License, in favour of I.L.S. Care Communities Inc., as negotiated by the Planning, Property and Development Department respecting the use of a portion of the Waverley Street right-of-way identified as "LEAVE AND LICENSE" on Misc. Plan No. 9613/2, attached.

HISTORY:

In September of 2000, Mr. Juaraj (Yuri) Bohna on behalf of I.L.S. Care Communities Inc. made application for a Leave and License to establish an accessory parking area encroaching into the Waverley Street right-of-way, shown as "LEAVE AND LICENSE" on Misc. Plan No. 9613/2.

The aforementioned application was circulated to various civic departments and public utilities for comments. The Planning, Property and Development Department so determined that in order to develop accessory parking at this location, a zoning variance would be required. On April 27, 2001 the Board of Adjustment approved Variance Order DAV 185/2001C, thus permitting development of accessory parking within the subject right-of-way.

From November 2001, to July 2002, preliminary negotiations for the proposed Leave and License took place between the Department and I.L.S. Care Communities Inc.; however, due to the competing priorities of both parties, a Leave and License Agreement was not formalized.

In January 2003, the solicitor for I.L.S. Care Communities Inc. contacted the Department to advise that his client wishes to finalize the proposed Leave and License and that the previously forwarded proposed terms and conditions were acceptable.

The Department reviewed the relevant file and determined that I.L.S. Care Communities Inc. would have to re-apply for a variance to permit the development of accessory parking within the subject right-of-way.

At its meeting of May 14, 2003, the Board of Adjustment approved Variance Order DAV 1965/2003C permitting the subject right-of-way to be developed for accessory parking purposes.

DISCUSSION:

The Department has concluded its negotiations with I.L.S. Care Communities Inc. and is of the opinion that the proposed terms and conditions are fair, reasonable and reflective of gross market rents in the area. Briefly, the proposed terms and conditions of the lease are as follows:

Term:	Annual continuing, commencing on a mutually agreeable date.
Purpose:	Vehicle parking area, in conjunction with the Licensee's adjoining property.
Rental:	Gross rent of $1,800.00 per annum (includes an amount equivalent to realty taxes), plus applicable GST, payable in advance, subject to an annual review by the City and in no event shall it be less than that paid in the previous year.
Insurance:	Public liability insurance of at least $2,000,000.00, naming the City as additional insured and containing a cross-liability clause.
Cancellation:	One Hundred and Eighty (180) Days written notice, by either party; immediately by the City in event of Licensee default.
Other:	Any other terms and conditions as are deemed necessary by the Director of the Planning Property and Development Department and by the City Solicitor/Manager of Legal Services to protect the City's interests.
