RECOMMENDATIONS

That Council rescind its decisions of January 30, 2013, being Minute No. 172, Recommendation No. 2 through 5, respecting the City entering into a Joint Venture Agreement with Terracon Development Ltd. for the servicing and ultimate sale of the City-owned property located south of the St. Boniface Industrial Park and that the Winnipeg Public Service report back to Council on the final disposition of the City–owned property

REASON FOR THE REPORT

Council approval is required to rescind and amend its previous decisions/instructions.

EXECUTIVE SUMMARY

Negotiations between the Winnipeg Public Service and Terracon Development Ltd. in regard to the Council approved Joint Venture Agreement have come to a stalemate and will not proceed.

The Winnipeg Public Service will report back to Council on the final disposition of the City–owned property.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no regulatory or human resources implications associated with this report.

HISTORY

In September 2008, Terracon Development Ltd. ("Terracon") approached the Planning, Property and Development Department to consider a proposal to participate in the completion of the improvements of Mazenod Road to the southern limit of the aqueduct. The improvements would enable development to proceed within The Waters Business Park as well as provide for the servicing of the 237 acres of City owned land located south of the aqueduct. Terracon also suggested a Joint Venture partnership between Terracon and the City of Winnipeg to develop the City's 237 acres of industrially zoned lands south of the aqueduct. It was determined that potential development opportunities could result in industrial sites that could be sold at then market rates for a total of approximately $24M before municipal infrastructure improvements.

On February 18, 2009, Council authorized the Winnipeg Public Service to enter into an Agreement of Servicing with Terracon for enhancement/improvements within the Mazenod Road Right-of-Way that could potentially generate $24M (in 2009 dollars) in sales.

On July 1, 2009, the serviced Mazenod Road opened.

As Mazenod Road was now fully serviced, in 2010 Terracon approached the City to enter into a Joint Venture to service and sell the 237 acre parcel of industrial land within the City's boundary south of the Aqueduct in the St. Boniface Community. Terracon presented its Business Plan to the Winnipeg Public Service, which was supported in principle.

On January 30, 2013, Council concurred in the recommendation of the Standing Policy Committee on Property and Development and approved that the City of Winnipeg enter into a *Joint Venture Agreement with Terracon Development Ltd. (Terracon) subject to terms and conditions deemed necessary by the Director of the Planning, Property and Development Department and the Director of Legal Services/City Solicitor, which will be consistent with other successful Council approved Joint Ventures previously negotiated and approved between developers and the City of Winnipeg in other areas of the City, be approved.*

The Winnipeg Public Service commenced with finalizing terms and conditions of the Joint Venture Agreement. During this same time, Terracon applied for a subdivision of the subject City-owned property under DAS 19/2013 (see Misc. Plan No. 14362/3, attached), which was approved by Council at its meeting of September 25, 2013.

Negotiations between the Winnipeg Public Service and Terracon Development Ltd. in regard to the Council approved Joint Venture Agreement have come to a stalemate and will not proceed.

The Winnipeg Public Service is therefore recommending that Council rescind its previous decisions in regard to the proposed Joint Venture with Terracon Development Ltd. and that the Winnipeg Public Service report back to Council on the final disposition of the City–owned property.
