ADMINISTRATIVE REPORT

Title: SPA 5/2015 – Amendment to the *Osborne Village Neighbourhood Plan By-Law No. 220/2006* for 120 Scott Street – First Reading

Critical Path: Standing Policy Committee on Property and Development - Executive Policy Committee - Council

RECOMMENDATIONS

1. That Council give first reading to a By-law which proposes to amend the *Osborne Village Neighbourhood Plan By-Law No. 220/2006*, a draft which is attached as Appendix "A".

2. That the City Centre Community Committee conduct a public hearing respecting the proposed by-law and submit its report respecting the proposed by-law to Council.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

A secondary plan by-law requires first reading at Council and then a public hearing prior to second and third reading at Council in accordance with the Development Procedures By-Law (160/2011) and Section 234(3) of the City of Winnipeg Charter.

EXECUTIVE SUMMARY

The subject property, located at 120 Scott Street, is currently located within Village Medium Density Residential Area (V-MDR) of the Osborne Village Neighbourhood Plan. Within the V-MDR area, commercial development is permitted in specific areas only, which do not include this property.

The applicant seeks approval to accommodate commercial development on the ground floor of a new mixed use development.

Consequently, the applicant is requesting a secondary plan amendment to redesignate the subject property as Village Mixed Use Transition (V-MUT), which would accommodate a commercial use.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendation is concurred in, the City Centre Community Committee will conduct a public hearing on the proposed secondary plan amendment.

HISTORY

The Osborne Village Neighbourhood Plan By-law was adopted by Council on January 24, 2007.

There have been no previous Osborne Village Neighbourhood Plan amendments associated with the subject property.

The subject property currently contains a two-storey single family dwelling which was previously listed on the City of Winnipeg's List of Historical Resources. The designation was removed in 2014 when the Historical Buildings and Resources Committee deemed it not to possess adequate architectural or historic significance due to significant alterations which had been made to the building over time. The building has commemorative status but has no demolition or development restrictions.

The applicant intends to demolish this structure to accommodate the proposed new development.

OURWINNIPEG POLICY ALIGNMENT

As per the *Complete Communities Direction Strategy,* the proposed development falls within Areas of Stability – Mature Communities policy area. Key policies guiding development within Areas of Stability relevant to this application include:

- Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complimentary to the existing scale, character and built form.

By moderately increasing density and providing development in the River-Osborne neighbourhood in a manner that is complementary to the existing scale and built form, this proposed development complies with the intent of *Complete Communities*.
