Detailed Project Description

Attached on separate sheets or in the space below, provide a detailed description of the project which addresses the selection criteria. Please include a description of the project objectives and how the project will accomplish those objectives, a detailed scope of work and, if possible, preliminary project plans or drawings.

The "CASA DOS AÇORES" Azorean Cultural Centre of Manitoba Inc. located at 1 Acores St is a registered non-profit org in the Prov. of MB (# 2927366). the organization was est. in 1992 and actively organizes numerous events yearly that celebrate with Winnipeggers and visitors the many cultural traditional festivals, from our home country's nine islands (Sta. Maria, St. Michael, St. George, Pico, Fial, Terceira, Graciosa, Flores, Corvo).

this project will replace the current industrail vinyl flooring which certains many indentations and an uneven surface. We are going to replace the flooring with anti-slip ceramic tiling in a brighter + lighter colour tone. the floor refurbishment will elevate the ambience of our centre and allow us to attract more event bookings (baptisms, wedding anniversaries, wedding showers) to help defray the operational costs and help keep the centre sustainable.

Our centre is open to the public. We have hosted Councillors Mike O'Shaughnessy, Sharma, Schreyer and Pagtakhan at many of our events.

We hope to commence the project in July 2015 and complete it by September 2015
