REASON FOR THE REPORT:

In accordance with the Council Order of July 18, 1979, once Council has declared land surplus to the City's requirements the Standing Policy Committee on Property and Development shall finalize all sales, including terms and conditions, for which the Director of the Planning, Property and Development Department has no authority. In this regard, the Planning, Property and Development Department, Real Estate Division, has successfully negotiated the terms and conditions of sale of that portion of the City-owned property shown outlined and identified as "Proposed Sale" on Misc. Plan No. 6164/5, attached, subject to Council declaring same as surplus to the City's requirements. This report seeks Council's approval to declare the subject land as surplus to the City's needs and to the proposed sale as recommended.

HISTORY:

The lands located at the northeast corner of Logan Avenue and King Edward Street were acquired by the City in 1979 from Gulf Canada for the widening of Route 90 (CN Oakpoint and CP Mainline underpass) and a portion of Logan Avenue. In 1995, the City sold a portion of the said lands that were deemed surplus to the widening project to KR Auto Ltd., which are shown hatched on Misc. Plan No. 6164/5, attached.

In the fall of 2002, the proprietor of KR Auto Ltd., Krzysztof Rygiel (Kris) advised the Department of his intention to expand his business operation and his interest to acquire the City-owned land directly north of his property shown outlined and identified as "Proposed Sale" on the said Misc. Plan. If purchased, the additional land would be fenced together with his current property holding and used for the storage of equipment, in conjunction with his adjoining business operations.

Details of the subject property are as follows:

Location:	Northeast corner of Logan Avenue and King Edward Street
Legal Description:	Part Lot 2, Plan 35252
Certificate of Title:	1533141
Roll Number:	07-092042500
Total Assessment (2003):	Not apportioned
Realty Taxes (2003):	$390.00 ±
Zoning:	"M1" – Industrial District
Servicing:	All typical services are available
Site Size:	287.2 m^2 (3,091.4 ft^2)

DISCUSSION:

A canvas of all City Departments has concluded that are no objections to sale of the subject City-owned property. The Water and Waste Department has indicated, however, that should the

subject land be sold to the adjoining owner, an easement agreement in favour of the City would be required for the continued maintenance of a 250mm catch basin lead passing through the property, which serves the applicant's property. The Public Works Department has indicated that the two metre strip of land fronting King Edward Street must be retained by the City for top of slope rounding and protection. Furthermore, the Public Works Department has advised that should the property be sold, it will require future access to the site for maintenance purposes on the underpass embankment in the event of slope failures. K.R Auto has been made aware of these City requirements and is agreeable with same.

At its meeting held on November 12, 2002 the Assiniboia Community Committee recommended that the subject City-owned property identified as "Proposed Sale" on Misc. Plan No. 6164/5, attached, be deemed surplus to the City's needs and made available for sale to KR Auto Ltd.

In this regard, the Planning, Property and Development Department prepared the City's standard form of Offer to Purchase and provided same to Mr. Rygiel. In June of this year, the Department received the executed Offer, details of which are as follows:

Purchaser:	KR Auto Ltd.
Offered price:	$7,500.00
Deposit amount:	$1,125.00 (Personal Cheque) – received
Special Conditions:	Purchaser agrees to enter into easement agreements in favour of the City for the continued maintenance of the 250mm catch basin lead and for access to the entire site for maintenance purposes of the underpass embankment.

The Planning, Property and Development Department has reviewed the Offer and recommends that the sale of that portion of the City-owned property shown outlined and identified as "Proposed Sale" on Misc. Plan No. 6164/5 in favour of KR Auto Ltd. for the purchase price of $7,500.00 be approved in accordance with the terms and conditions of the attached form of Offer to Purchase dated June 9, 2003. The proposed purchase price is supported by an internal appraisal report, which was conducted by the Department.

The subject property is best sold to this applicant. Notwithstanding that the attached Misc. Plan illustrates that Gallagher Avenue intersects with King Edward Street, there is no realistic expectation that this property can be sold to others as these properties lie at the top of the easterly embankment to King Edward Street Grade Separation. As there is no possibility for access to King Edward Street, the only means of access to the subject city property is through the public lane lying to the east of King Edward Street and intersecting at Logan Avenue. The easements which will be retained will limit the developability of the subject city property.
For Committee's information, Mr. Rygiel has also advised the Department that in the future he may be interested in acquiring the remaining City-owned lands to the north including Gallagher Avenue, which is legally opened but not physically developed. As such, the Department is currently examining as to whether those lands (including the public street) could be deemed surplus to the City and offered for sale.

The net sale proceeds will be credited to the Land Operating Reserve Account.
