COUNCIL DECISION:

On November 25, 2015, Council ruled automatic referral of the following motion to the Standing Policy Committee on Infrastructure Renewal and Public Works:

Moved by Councillor Eadie
Seconded by Councillor Schreyer

WHEREAS Council requested a report on having the Know Your Snow Zones cleared by the city itself versus the private sector ending up in a report comparing costs for snow clearing and ice control only;

Report – Standing Policy Committee on Infrastructure Renewal and Public Works – January 5, 2016

DECISION MAKING HISTORY (continued):

COUNCIL DECISION (continued):

AND WHEREAS CUPE 500 had a former Fleet Management chief operating officer write a report on taking over the snow clearing and ice control currently provided by the Know Your Snow Zones private contractors, ending up in a report that utilized the personnel and some equipment for more than just snow clearing and ice control during street maintenance season resulting in a three million dollar potential savings or efficiency;

AND WHEREAS the private snow zone contracts, which were increased to pay for snow clearing equipment, are ending in 2017;

AND WHEREAS in 2017, City Council is projecting a $115,214,959.00 short fall to pay for all expenditures;

AND WHEREAS the City of Winnipeg financial woes can be partially resolved through cooperation and good faith efforts with city labour unions;

THEREFORE BE IT RESOLVED THAT the Winnipeg Public Service work with the City of Winnipeg's CUPE 500 representatives to provide a report on implementing cost saving measures identified in the CUPE 500 report describing a potential savings of $3,000,000.00.
