His Worship the Mayor
and Members of the Council
of the City of Winnipeg

Ladies and Gentlemen:

Pursuant to the requirements of **The City of Winnipeg Charter**, the Sinking Fund Trustees submit the 2015 audited financial statements of the Sinking Fund.

You will note in the financial statements that the Sinking Fund reported a net loss of $2,101,000 for the year ended December 31, 2015 and a balance of deficit in the amount of $14,742,000 as at December 31, 2015.

The rates of interest earned by the Fund for the years 2006 to 2015 are shown below:

2006.....5.41%	2011.....3.41%
2007.....5.46%	2012.....2.95%
2008.....5.15%	2013.....3.30%
2009.....4.39%	2014.....2.13%

Changes in the sinking fund reserve during 2015 are summarized as follows. The total reserve for retirement of debenture debt decreased to $105,676,000 as at December 31, 2015 (2014 - $199,453,000) of which $80,000,000 represents full funding of all future Sinking Fund installments and interest on the Winnipeg Hydro portion of the City's Sinking Fund debt as provided for by the Manitoba Hydro Electric Board bonds held by the Sinking Fund.

Sinking funds are invested in securities with maturities which closely match the current position of related reserves.

The Sinking Fund will pay to the City of Winnipeg the amount of levies actually received by the Fund together with accumulated interest in respect thereof. In the event of a Sinking Fund deficit at the maturity of a Sinking Fund issue, The City of Winnipeg Charter, Section 304(2), authorizes The City of Winnipeg, if it so chooses, to apply to the Minister of Finance to borrow an amount of money sufficient to discharge the Sinking Fund debt in full.

THE SINKING FUND TRUSTEES OF THE CITY OF WINNIPEG

NOTES TO THE FINANCIAL STATEMENTS

As at December 31, 2015
(in thousands of dollars)

1. *Status of The Sinking Fund Trustees of The City of Winnipeg*

The Sinking Fund Trustees of The City of Winnipeg (the " Fund ") was established as a body corporate by subsection 314(1) of The City of Winnipeg Act, a statute of the Legislature of the Province of Manitoba (" the province "). The City of Winnipeg Act was repealed by the province effective January 1, 2003 and replaced by The City of Winnipeg Charter, a statute of the province. Under section 520 of The City of Winnipeg Charter, The Sinking Fund Trustees continue to have the same rights and obligations as outlined under the former City of Winnipeg Act for Sinking Fund debentures issued prior to December 31, 2002 and any future refinancing of these debentures.

2. *Significant Accounting Policies*

These financial statements have been prepared in accordance with Canadian Accounting Standards for Private Enterprises.

The significant accounting policies are summarized as follows:

a) Investment in bonds and debentures

Bonds and debentures are carried at cost plus accumulated amortization. Discounts and premiums arising on the purchase of these investments are amortized over the remaining terms to maturity with annual amortization computed at amounts which, when combined with actual income received, result in a constant effective yield on the amortized book value.

Bond residues and coupons are carried at cost plus accrued income. Income is accrued on the book value of the investments at a rate equivalent to the effective yield on the investment.

For these bonds and debentures, which are measured at amortized cost, the Fund recognizes in net income an impairment loss, if any, when it determines that a significant adverse change has occurred during the period in the expected timing or amount of future cash flows. When the extent of impairment of a previously written-down asset decreases and the decrease can be related to an event occurring after the impairment was recognized, the previously recognized impairment loss shall be reversed in net income in the period the reversal occurs.

b) Use of estimates

Financial statements prepared in accordance with Canadian Accounting Standards for Private Enterprises require management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The valuation of investments is the most significant component of the financial statements subject to estimates. Actual results could differ from these estimates.

3. *Cash and Short-Term Investments*

Cash is held on deposit with a major Canadian Chartered Bank.

Short-term investments represent short-term debt securities of Schedule 1 Canadian Chartered Banks with a term to maturity of less than one year.

NOTES TO THE FINANCIAL STATEMENTS

As at December 31, 2015
(in thousands of dollars)

4. *Interest Rate and Credit Risk*

a) Interest rate risk

Interest rate risk refers to the adverse consequences of interest rate changes on the Fund's cash flows, financial position and income. This risk arises from differences in the timing and amount of cash flows related to the Fund's assets and liabilities. The value of the Fund's assets is affected by short-term changes in nominal interest rates.

The effective rate of interest earned by the Fund for the year ended December 31, 2015 was 2.04% (2014 - 2.13%).

The term to maturity and related book and par values of investments in bonds and debentures held by the fund at December 31, 2015 are as follows:

	2015		2014	
Term To Maturity	**Par Value**	**Book Value**	Par Value	Book Value
Less than one year	$ -	$ -	$ 78,140	$ 78,912
Two to five years	30,480	30,773	26,244	26,295
Greater than five years	60,000	60,000	60,000	60,000
	$ 90,480	$ 90,773	$ 164,384	$ 165,207

b) Credit risk

Credit risk arises from the potential for an investee to fail or to default on its contractual obligations to the Fund.

At December 31, 2015 the Fund's maximum credit risk exposure at fair market value was $92,582 (2014 - $188,785).

The Fund limits credit risk by investing in short-term investments and bonds and debentures of investees that are considered to be high quality credits (rated A or higher) and by utilizing an internal Investment Policy Guideline monitoring process.

5. *Purchase of Winnipeg Hydro by Manitoba Hydro*

Manitoba Hydro purchased Winnipeg Hydro from The City of Winnipeg on September 3, 2002. In accordance with the Asset Purchase Agreement between The City of Winnipeg and Manitoba Hydro and The Purchase of Winnipeg Hydro Act, a statute of the Legislature of the Province of Manitoba, the Sinking Fund is required to :

a) Hold the Manitoba Hydro Electric Board bonds issued by Manitoba Hydro to the City in connection with the Winnipeg Hydro portion of the City's debt. The bonds were issued for the purpose of enabling the City to repay the Winnipeg Hydro portion of the City's debt, and were issued with identical terms and conditions as to par value, interest and date of maturity as the Winnipeg Hydro portion of the City's debt. The bonds are guaranteed by the Province of Manitoba and are non-transferable and non-redeemable prior to maturity.

The book value of the Manitoba Hydro Electric Board bonds as at December 31, 2015 amounted to $80,000 (2014 - $92,000).

NOTES TO THE FINANCIAL STATEMENTS

As at December 31, 2015
(in thousands of dollars)

5. *Purchase of Winnipeg Hydro by Manitoba Hydro (continued)*

b) Pay all principal and interest received on the Manitoba Hydro bonds to the City for the payment of principal and interest on the Winnipeg Hydro portion of the City's debt.

Accrued interest receivable and identical offsetting accrued interest payable on the Manitoba Hydro bonds amounted to $1,628 at December 31, 2015 (2014 - $1,778).

As the receipt of the Manitoba Hydro bonds represents full funding of all future Sinking Fund installments and interest related to the Winnipeg Hydro portion of the City's Sinking Fund debt, no further amounts are required to be levied and contributed to the Sinking Fund in respect of this portion of the debt.

6. *Reserve for Retirement of Debenture Debt*

Amounts applied to debt redemption on the statement for retirement of debenture debt are as follows :

	Hydro Portion	Other Purposes	Total
Sinking Fund Debt :			
By-law 6620/95	$ 12,000	$ 88,000	$ 100,000

As at December 31, 2015 the reserve for retirement of debenture debt is allocated towards Sinking Fund debentures as follows:

Maturity Year	Amortized Cost			Maturity Value
	Hydro Portion	Other Purposes	Total	
2017	$ 20,000	$ 25,676	$ 45,676	$ 50,000
2029	60,000	-	60,000	60,000
	$ 80,000	$ 25,676	$ 105,676	$ 110,000

The amortized cost of the reserve for retirement of debenture debt is calculated using an assumed annual discount rate of 5% which was set by The City of Winnipeg in the applicable Sinking Fund Debenture By-laws.

As at December 31, 2015, the reserve for retirement of debenture debt includes $80,000 (2014 - $92,000) representing full funding of all future Sinking Fund installments and interest on the Winnipeg Hydro portion of the City's Sinking Fund debt as provided for by the Manitoba Hydro Electric Board bonds held by the Sinking Fund.

7. *Capital*

The Fund's objectives when managing capital are:

a) To pay The City of Winnipeg at or before the maturity of each respective sinking fund debenture all amounts collected by way of levy together with interest earned thereon.

b) To invest all levies received in accordance with the guidelines outlined in the Fund's Statement of Investment Policies and Procedures in order to maximize the investment return on the Fund within the allowable level of risk mandated by The City of Winnipeg Act.

The fund invests in securities with maturities which closely match the current sinking fund debenture maturity dates.
