ANALYSIS AND ISSUES

COMPLETE COMMUNITIES DIRECTION STRATEGY

- Under the *Complete Communities Direction Strategy* the proposed development is within the Waterford Green (Precinct C).
- A Precinct Plan is one of the tools the City of Winnipeg uses under the *Complete Communities Direction Strategy* to implement Our Winnipeg at a detailed neighborhood level. Precinct C, a *New Community* , is to be guided by the following six (6) Directions;
    - Be developed in a sustainable manner;
    - Be established through s planning process
    - Increase opportunities to live, work, learn and play in the same neighborhood;
    - Be developed with complete streets, enabling safe and convenient spaces for pedestrians, bicyclists, public transit ridership, and motorists to promote physical activity, health and active transportation;
    - Encourage green development and conserve natural areas to develop new communities in a suitable manner; and
    - Reflect local heritage.

Zoning By-Law 200/2006: Proposed "R1-S" Residential Single-Family and "R2" Residential Two-Family

- The "R1-S" Residential Single-Family District is intended to accommodate primarily single-family residential development in low-density areas. Development standards are as follows;
- The "R2" Residential Two-Family district is intended to accommodate the development of single and Two-Family units and where appropriate limited multi-family units in lower density areas.

Figure 3: Dimensional Standards for the R1-S and R2 Zoning Districts

Zoning District	Minimum Lot Area	Minimum Front Yard (Ft.)	Minimum Rear Yard (Ft.)	Minimum Interior Side Yard (Ft.)	Minimum Reverse Corner Side Yard (Ft.)	Maximum Building Height (Ft.)
R1-S	2,500	15	25	3 each or 2 & 4	4	35
R2	5,000 (2,500 per dwelling unit for two-family; 800 per dwelling unit for multi-family)	20	25	4	10	35

COMPATIBILITY WITH THE SURROUNDING AREA

- The proposed "R1-S" Single-Family residential small and "R2" Two-Family residential meets the low and medium density designation under the Precinct C development plan.

- This application is to realign and reconfigure some of the existing parcels and proposed roads within the development.
- The proposal will have no adverse effect on any development as the entire area is under a new subdivision.
- The Urban Planning Division is supportive of the proposed zoning changes.

RECOMMENDATION

The Urban Planning Division recommends **approval** for the following reasons:

- The subdivision and rezoning proposal is consistent with *OurWinnipeg* and the *Complete Communities Direction Strategy* as itemized in Precinct C Plan.
    - The elements of the development respect Precinct C policies.
- The realignment of the entire site with new school site as identified on the new plan is consistent with the overall plan for Precinct C.
- Also, the proposal to rezone some parcels of land to “R1-S” residential single-family small and “R2” meets the intent of the Waterford Green Precinct plan, which designate some section of the land immediately north of Old Commonwealth Path “Medium Density Residential”
- The proposed subdivision and rezoning will not have any adverse effect on potential future development in the area.
