## STANDING POLICY COMMITTEE ON INFRASTRUCTURE RENEWAL

## AND PUBLIC WORKS

## QUESTION PERIOD

**Minute No. 299**
Councillor Wyatt asked how the estimate of the Pembina, Grant and Osborne construction was actually $2.7 million less than reported in the Capital Budget and was there a plan to reallocate those funds; to which Councillor Lukes advised that she asked the department for an update at the next meeting of the Standing Policy Committee on Infrastructure Renewal and Public Works.

Councillor Wyatt asked if that update would be on the excess funds or the entire program; to which Councillor Lukes replied the entire program.

Councillor Wyatt inquired if the update would include the tendering with the capital street program, the local street program, the regional street program, and all of the other works associated with them; to which Councillor Lukes replied it would be a complete update.
