STANDING POLICY COMMITTEE ON PROPERTY AND DEVELOPMENT,

HERITAGE AND DOWNTOWN DEVELOPMENT

QUESTION PERIOD

Minute No. 318
Councillor Gilroy referred to the recent fire in the Wolseley area that affected neighbouring properties and left two women homeless and questioned what role the City could play as the property that burned was under construction.

Councillor Orlikow replied that there were requirements for developers to secure their sites and agreed to follow up with by-law enforcement and report back.

Councillor Mayes asked if the Chair was aware of a long, thin park in the St. Boniface Ward, named after Jennifer Jones, World Curling Champion, to which Councillor Orlikow advised he was not, but was fully supportive.
