RECOMMENDATIONS

That John Bernuy (By-law Enforcement Officer – Community Services), Keith Studeny (Weeds Inspector – Public Works) and Ken Kingsland (Weeds Inspector – Public Works) be appointed as Municipal Noxious Weeds Inspectors under the *Noxious Weeds Act*.

REASON FOR THE REPORT

Section 11(1) of Manitoba's *Noxious Weeds Act* requires that "every municipal council shall, not later than March 1 in each year, appoint by resolution at least one official to be known as "municipal noxious Weeds inspector…" The role of the Municipal Noxious Weeds Inspector is to ensure the Act is followed.

Furthermore, Section 14 (1) of the Act also states that, "Where a municipal council neglects or refuses to appoint and employ a municipal noxious Weeds inspector as required under this Act, the minister may, … appoint and employ a person for the service; and that amount shall be paid out of the funds of the municipality…".

IMPLICATIONS OF THE RECOMMENDATIONS

Appointing the above staff as municipal noxious Weeds inspectors brings the City of Winnipeg in compliance with the Provincial *Noxious Weeds Act*.

The duties of the appointees fall within the scope the positions held by the appointees and will have no financial impact on either department.

EXECUTIVE SUMMARY

The Provincial Noxious Weeds Act requires every municipal council to appoint at least one official by resolution to be known as the "municipal noxious Weeds inspector". The individuals recommended this year also filled these roles last year, John Bernuy (By-law Enforcement Officer – Community Services), Keith Studeny (Weeds Inspector – Public Works) and Ken Kingsland (Weeds Inspector – Public Works).

HISTORY

The Province of Manitoba specifically requested that the City of Winnipeg appoint a Municipal Noxious Weeds Inspector in 2015. The three individuals appointed by Council in 2015 are again being recommended to be appointed in 2016.
Until 2015 the City of Winnipeg had not recently appointed a Municipal Noxious Weeds Inspector under the *Noxious Weeds Act* because the Neighborhood Livability By-law primarily regulates vegetation on private properties through Section 8:

> "8(2) Other than on properties zoned for agricultural grazing and feeding and agricultural cultivation, turf must be kept trimmed to a maximum length of 15 cm (6 inches).
> 8(3) Noxious Weeds must be controlled on all properties."

Although the By-law is the primary enforcement tool for controlling long grass and Weeds in the City, the Province's *Noxious Weeds Act* still compels the City to appoint a Noxious Weeds Inspector(s). Appointing these individuals as Municipal Noxious Weeds Inspectors ensures the City will have the authority to control long grass and noxious Weeds on property throughout the City of Winnipeg.
