REASON FOR THE REPORT

Although funding for these agreements has been approved through the BIZs, Image Routes and Neighbourhood Main Streets Funding Grant agreements Capital Funding, and these amounts have been allocated into the 2015 and 2016 Capital Funding years (which has received Council approval), Council approval is still needed to enter into grant agreements with the respective BIZs.

EXECUTIVE SUMMARY

This report is seeking Council approval to enter into grant agreements with the listed BIZs.

This report provides the conditions to be met, funding amounts and respective BIZs to receive Capital Funding from the BIZs, Image Routes and Neighbourhood Main Streets Capital Funding.

IMPLICATIONS OF THE RECOMMENDATIONS

Funding in the amounts set out in Recommendation #1 has been allocated into the 2015 and 2016 Capital Funding years through the BIZs, Image Routes and Neighbourhood Main Streets Capital Funding Budget, and has received Council approval.

This Report proposes the use of a standard agreement which has been employed for similar grant agreements with BIZs in the past. Besides standard provisions, that protect the City legally, the agreement provides for:

- Design approval by the Director of Planning, Property and Development or delegate;
- The BIZ accepting full responsibility and liability for carrying out the work in accordance with the approved design;
- The BIZ accepting full responsibility and liability for maintenance of the project after the work has been completed;
- Funding to flow as invoices are submitted to the City and the termination of funding after two years have elapsed since the agreement was executed;
- Termination by the City upon the provision of notice to the BIZ.

The City of Winnipeg insures the BIZs within the City of Winnipeg. Any issues of liability for these streetscape elements are covered through the Risk Management Division and therefore there is coverage for replacement value if damage occurs by a third party.

HISTORY/DISCUSSION

The City of Winnipeg Charter provides for City Council to create a Business Improvement Zone (B.I.Z.) by by-law.

Business Improvement Zones are governed by a set of procedures and required processes, which are laid out within the Business Improvement Zone Procedures By-Law No. 8111/2002. This By-Law specifies the Objects of a BIZ Board (By-Law No 8111/2002; 5(1)(2)).

Those objects are:

5(2) The objects of a board are

(a) to beautify, improve and maintain real property of the City in the zone subject to the authorization by Council, and

(b) to promote improvements and economic development in the zone.

BIZs are funded by a BIZ Levy (collected through the Business Tax), which are BIZ budgets passed by the BIZ membership and then presented to City Council for Approval. As well, BIZs apply for other grants, complementary funding and Sponsorships Dollars to deliver their programs and Capital Projects. The BIZs are ready to begin carrying out their respective Streetscape Enhancement Strategy plans, which now requires grant agreements to be put into place and to have the projects move toward implementation.
