PUBLIC HEARING SUMMARY

File:	EP-1(A)
Before:	Executive Policy Committee His Worship Mayor Bowman, Chairperson Deputy Mayor Pagtakhan Councillor Browaty Councillor Mayes Councillor Orlikow
Public Hearing:	June 29, 2016 Council Building, 510 Main Street
Appellant:	Mark Newman, Fillmore Riley LLP
Premises Affected:	20 Sioux Road West
Nature of Appeal:	On December 29, 2015, Mark Newman, Fillmore Riley LLP, appealed the decision dated December 9, 2015, issued by the Zoning and Permits Administrator, Planning, Property and Development Department, denying the application for a development permit and a building permit for the development of a detached single-family dwelling at 20 Sioux Road West. The Decision stated: "…a development permit can not be issued as the subject site is not serviced by a full range of municipal services including: piped municipal water, wastewater, and land drainage facilities, which are requirements of OurWinnipeg (By-law 67/2010); the Complete Communities Direction Strategy (Secondary Plan By-law 68/2010); and, the Precinct K — Precinct Plan (Secondary Plan By-law 48/2014). In addition, the site is located adjacent to Sioux Road West and the Warde Avenue road allowance all of which are unimproved street right-of-ways. As such 20 Sioux Road can not be deemed a buildable "zoning lot" under the Winnipeg Zoning By-law 200/2006. No use permitted under the Winnipeg Zoning By-law can be established unless the property abuts and improved public street. Since a development permit must be issued pursuant to the City of Winnipeg Zoning By-law No. 200/2006 to authorize the issuance of a building permit, Permit# 14 161026 HO for the construction of a single family home at 20 Sioux Road can not be issued."

Dear Ms. Ledarney:

RE: 20 SIOUX ROAD PROPOSED DEVELOPMENT

The Planning, Property and Development Department has received an application for a development permit and a building permit for the development of a detached single-family dwelling at 20 Sioux Road West.

We note the following regulations in our review of the requested permit(s):

Section 235 of the City of Winnipeg Charter Act requires development in the city to be consistent with the City of Winnipeg Development Plan or any secondary plan.

Direction 01-3 of OurWinnipeg (the City of Winnipeg Development Plan – By-law 67/2010) states: "Enable the intensification of land-uses through the development application process only when a full range of municipal services is provided."

Direction 1 for New Communities in the Complete Communities Direction Strategy (Secondary Plan By-law 68/2010) states: "Only approve new development when a full range of municipal services, as defined in OurWinnipeg, can be provided in an environmentally-sound, economical and timely manner."

Section 5.1.1(a) of the Precinct K – Precinct Plan (Secondary Plan By-law 48/2014) states: "Development within the planning area shall be serviced with piped municipal water, wastewater, and land drainage facilities."

Section 3.(2) of the City of Winnipeg Zoning By-law No. 200/2006 requires all activity and development to which this By-law applies to conform to the provisions of Zoning By-

law No. 200/2006 and must be consistent with OurWinnipeg and with any adopted Secondary Plans that cover the land in question.

Section 8.(3) of the City of Winnipeg Zoning By-law No. 200/2006 states "Where a person makes application for a development permit in respect of a development, the Director shall, where the application does not conform with OurWinnipeg, a Secondary Plan or development by-laws, reject the development permit."

The subject property predominantly falls within the Higher Density Residential Policy Area of the Precinct K – Precinct Plan (Secondary Plan By-law No. 48/2014) and is zoned "RR5" Rural Residential 5.

Considering the six regulations noted above, a development permit can not be issued as the subject site is not serviced by a full range of municipal services including: piped municipal water, wastewater, and land drainage facilities, which are requirements of OurWinnipeg (By-law 67/2010); the Complete Communities Direction Strategy (Secondary Plan By-law 68/2010); and, the Precinct K – Precinct Plan (Secondary Plan By-law 48/2014).

In addition, the site is located adjacent to Sioux Road West and the Warde Avenue road allowance all of which are unimproved street right-of-ways. As such 20 Sioux Road can not be deemed a buildable "zoning lot" under the Winnipeg Zoning By-law 200/2006. No use permitted under the Winnipeg Zoning By-law can be established unless the property abuts and improved public street.

Since a development permit must be issued pursuant to the City of Winnipeg Zoning By-law No. 200/2006 to authorize the issuance of a building permit, Permit # 14 161026 HO for the construction of a single family home at 20 Sioux Road can not be issued.
