REASON FOR THE REPORT

As per the Animal Services Operating Charter, Council approval is required for the Animal Services Agency 2016 - 2018 Business Plan and budget.

EXECUTIVE SUMMARY

This Selection Report is intended to ensure that the Animal Services Agency continues to provide animal control measures under The City of Winnipeg Charter and related by-law; this includes animal licensing, investigation, and response to animal-related complaints and inquiries

including stray dogs, exotic animals, injured animals, the enforcement of the Responsible Pet Ownership (RPO) By-law, and neighbourhood dispute resolution. This service also includes public education, the promotion of responsible pet ownership and care for cats and dogs, and the adoption of unclaimed animals.

The main goals are to improve safety of neighbourhoods though the enforcement of by-laws and education regarding responsible pet ownership. The Agency also strives to improve its public image by increasing customer service and satisfaction through the improvement of front-line service delivery; providing professional, caring and appropriate responses to citizens and pet owners' concerns, and humane alternatives to unclaimed animals.

Significant changes in this Business Plan include an increase in dog licensing fees, which results in an equivalent reduction in operational mill rate support to Animal Services, and an increase in mill rate in support of The Winnipeg Humane Society service agreement.

Approving the Animal Services Agency 2016 – 2018 Business Plan and Budget, including mill rate support of $1,378,836 as a transfer from the Community Services Department, will enable the Agency to provide an essential service to promote, protect and safeguard the health of the community by establishing and maintaining an urban environment which permits the City's human and animal populations to co-exist free of conditions which adversely affect the health, safety and enjoyment of the community.

IMPLICATIONS OF THE RECOMMENDATIONS

The approval of the Selection Report will allow the Agency to continue to provide animal control measures under The City of Winnipeg Charter and the RPO By-law.

The tax supported transfer of $1,378,836 includes two components: $652,273 to support the service agreement with The Winnipeg Humane Society, and $726,563 operational mill rate support for Animal Services. Operational mill rate support to Animal Services has been reduced to $726,563 in 2016, versus $904,276 in 2015.

The annual operating budget in 2016 for Animal Services is $3,132,351. There is a $2,405,788 difference between operational mill rate support ($726,563) and the operational budget ($3,132,351) which results in a large reliance on dog licensing revenues. The proposed $5.00 dog license fee increase expands this reliance and may lead to non-compliance from pet owners due to an inability or unwillingness to pay higher licensing fees. This budget contains an assumption that all existing licensed dog owners will renew their licenses at the higher rate.

HISTORY

Animal Services was designated by Council as a Special Operating Agency (SOA) effective January 1, 2000. The Agency enforces the RPO By-law.

In the year 2000, the Agency completed 6,416 incidents and received $1,125,000 of operational mill rate support. In 2015, the Agency completed 10,629 incidents and received $904,276 of

operational mill rate support. Animal Services, as a Division of Community Services and then as an SOA, has been protecting people and animals in Winnipeg for over 140 years.

The Animal Services Operating Charter stipulates that a Business Plan (Selection Report - summary of the Annual Business Plan) will be provided to Council each year.

The mandate of the Animal Services Agency is to promote, protect and safeguard the health of the community by establishing and maintaining an urban environment which permits the City's human and animal populations to co-exist free of conditions which adversely affect the health, safety and enjoyment of the community. The Animal Services Agency is responsible for the enforcement of the RPO By-law to minimize risk in the communities served.

The Agency operates successful adoption, volunteer, and foster programs. License revenues help fund the services provided, including housing stray dogs and reuniting them with their owners, attending house fires or car accidents to help in the removal of animals where needed, and providing an Adoption Program. A contingent of Animal Services Officers patrols the streets of Winnipeg to help resolve neighbourhood disputes and incidents involving animals.
