Minute No. 32
Report – Standing Policy Committee on Infrastructure Renewal and Public Works – November 7, 2016

Item No. 2 Cost Sharing Option for Residents Living on Gravel Roads

COUNCIL DECISION:

Council concurred in the recommendation of the Standing Policy Committee on Infrastructure Renewal and Public Works and adopted the following:

1. That the Winnipeg Public Service report back by September 2017 on cost sharing options for residents living on gravel roads, based on the cost-sharing pilot project model adopted by Council in November 2013 for gravel lanes, including options for concrete, asphalt and / or chip sealing of gravel roads.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report – Standing Policy Committee on Infrastructure Renewal and Public Works – November 7, 2016

DECISION MAKING HISTORY:

Moved by Councillor Morantz,

That the recommendation of the Standing Policy Committee on Infrastructure Renewal and Public Works be adopted by consent.

Carried

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On November 9, 2016, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Infrastructure Renewal and Public Works and submitted the matter to Council.

STANDING COMMITTEE RECOMMENDATION:

On November 7, 2016, the Standing Policy Committee on Infrastructure Renewal and Public Works concurred in the Council Motion of October 26, 2016 and submitted the matter to the Executive Policy Committee and Council.

COUNCIL RECOMMENDATION:

On October 26, 2016, Council ruled automatic referral of the following motion to the Standing Policy Committee on Infrastructure Renewal and Public Works:

Moved by Councillor Mayes,
Seconded by Councillor Browaty,

THAT the Public Service be directed to explore and report back by September 2017 on cost sharing options for residents living on gravel roads, based on the cost-sharing pilot project model adopted by Council in November 2013 for gravel lanes. This study will include options for concrete, asphalt and/ or chip sealing of gravel roads.
