EXECUTIVE SUMMARY

The Transcona Business Improvement Zone (Transcona BIZ), continued by By-Law No 8124/2002, is one of sixteen Business Improvement Zones within the City of Winnipeg.

The City Clerks Department received a petition from “Edge Corp Developments Ltd”, a business located at 849 Ravelston Avenue W., seeking to have the Transcona BIZ boundaries expanded, as outlined in Attachment “B” to this report, to allow the inclusion of their business.

The proposed expansion follows the processes and procedures prescribed within the Business Improvement Zone Procedures By-Law No. 8111/2002 for adding a business to an existing Business Improvement Zone.

This report also recommends that the existing written legal description of the Transcona BIZ boundaries in Schedule "A" of the Transcona Business Improvement Zone By-law be replaced with an easy-to-read map that provides a visual image of the Transcona BIZ boundaries.

RECOMMENDATIONS

1. That Council enact a By-law (draft attached as Attachment “A”) to amend the Transcona Business Improvement Zone By-law No. 8124/2002 to:

   (a) expand the boundaries of the Transcona Business Improvement Zone; and

   (b) replace the written description of the Transcona Business Improvement Zone boundaries set out in Schedule "A" to the Transcona Business Improvement Zone By-law with a map showing the boundaries of the Transcona Business Improvement Zone, with the new expansion included.

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

The City of Winnipeg Charter provides for the creation of a Business Improvement Zone by by-law. Changing the boundaries of the Transcona Business Improvement Zone requires an amendment to the Transcona Business Improvement Zone By-law No. 8124/2002.

To clarify zone boundaries and establish consistency between all Business Improvement Zone Bylaws created within the City of Winnipeg, written descriptions of BIZ boundaries set out in the various Business Improvement Zone By-laws are being replaced with maps which show the BIZ boundaries.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no regulatory implications resulting from the proposed recommendations.

External organizations and the community at large will experience economic benefit from the proposed recommendations.

HISTORY

The City of Winnipeg By-Law No. 6729/95 created the Business Improvement Zone known as the Transcona Business Improvement Zone. The Transcona Business Improvement Zone By-law No. 8124/2002 continued the Transcona BIZ under the same name.

Business Improvement Zones are governed by a set of prescribed processes and procedures outlined within the Business Improvement Zone Procedures By-Law No. 8111/2002 which grants Council the authority to expand the boundaries of a BIZ to include additional businesses if certain steps are followed, namely:

1) A petition must be filed with the City signed by more than 50% of the proprietors in the proposed additional area of the zone representing more than 50% of the total taxable business assessment in the proposed area of the zone;

2) The City Clerk must give notice to all the businesses in the proposed additional area of the petition and must offer them an opportunity to object to the BIZ boundary expansion; and

3) The City Clerk must ensure that no more than one-third of the businesses in the proposed additional area representing at least one-third of the total taxable business assessment of the proposed additional area of the BIZ have objected in writing to the boundary expansion prior to the date set by the Clerk.

A petition was submitted by Edge Corp Developments Ltd., a business located at 849 Ravelston Avenue W. The Public Service confirmed that Edge Corp Developments is the only taxable business in the block bounded by Plessis Road, Ravelston Avenue W. and CEMR Pine Falls Rail line (to the north), and that all Business Improvement Zone Procedures By-law requirements have been met.

The City Clerks Department confirmed that no objections were received for the proposed expansion of the boundaries to the Transcona BIZ.

To clarify zone boundaries and establish consistency between all Business Improvement Zone Bylaws created within the City of Winnipeg, this Report recommends that the written description of the boundaries of the Transcona BIZ contained in Schedule “A” of By-Law No 8124/2002 be replaced with a map that provides a visual image of the boundaries of the Transcona BIZ and attached hereto as Schedule “A”.

Accordingly, the Winnipeg Public Service is recommending that Council enact the amending By-law, a draft of which is attached hereto as Attachment “A”, to expand the boundaries of the Transcona BIZ to include the block bounded by Plessis Road, Ravelston Avenue W. and CEMR Pine Falls Rail line (to the north) as denoted in the attached Attachment “B” and to replace the written boundary description with the map attached to this report and identified as “Schedule “A” to the Transcona Business Improvement Zone By-law No. 8124/2002”, which map includes the proposed boundary expansion.
