Dear Ms. Timmins:

SUBDIVISION AND REZONING
2419 & 2425 Ferrier Street
Lord Selkirk – West Kildonan Community Committee
File No. DASZ 28/03

An application has been received from Nouvelle Construction for approval of a plan of subdivision, and related zoning change to Zoning By-Law No. 6400/94 by rezoning a portion of the subject lands from an “A” Agricultural District to a “M2” Industrial District to facilitate industrial development.

RELATED FILES: DAV 03-325886D

SITE DESCRIPTION:

Site Area, Existing Land Use, and Zoning:

The southern portion of the site is zoned "A" Agricultural and is partially occupied by a recently constructed detached residential building. The northern portion of the site is zoned "M2" Industrial, and is occupied by Nouvelle Construction. The total area of the site is approximately 42,300 square feet (0.97 acres).

Surrounding Land Use and Zoning:

North: Industrial development (M2)
South: Beecher Ave, then vacant land and detached residential (A)
East: Detached residential (A), then railroad right-of-way, then detached residential (R1-5)
West: Ferrier St, then detached residential (R1-20), and vacant land and industrial development (RR-2)

DEVELOPMENT DESCRIPTION:

The applicant, Nouvell Construction, is proposing to subdivide the property into the proposed Lots 1 & 2, and rezone the portion of Lot 2 immediately to the east of Lot 1 from "A" Agricultural to "M2" Industrial to permit future industrial development. The proposed Lot 1 is the location of a recently constructed detached residential building, and the portion on proposed Lot 2 immediately to the east is currently vacant land. The applicant has also applied for variances from the "A" Agricultural development standards in terms of lot width, lot size, and rear setback (see related file DAV 03-325886D).

PLAN WINNIPEG:

The subject property falls within a designated Industrial Policy Area under Plan Winnipeg, which allows for industrial uses and the possible inclusion of compatible commercial uses; thus, the proposed rezoning from "A" Agricultural to "M2" Industrial is in conformance with Plan Winnipeg 2020.

ADMINISTRATIVE COMMENTS:

The Planning & Land Use Division is not opposed to the proposed rezoning and subdivision. The proposed rezoning and subdivision is in general compatible with the surrounding properties, and is consistent with the Industrial Policy Area designation under Plan Winnipeg. The existing "A" Agricultural zoning designation on the southern portion of the subject property can be viewed as 'remnant' zoning from the area's agricultural past, and is no longer consistent with the industrial development immediately adjacent. Moreover, the existing detached residential building on proposed Lot 1 cannot be rezoned to a R1-4 or R1-5 Residential zoning district, as this would not be consistent with the Industrial Policy Area designation under Plan Winnipeg. Conversely, retention of the "A" Agriculture zoning district on the southern portion of the site outside of the proposed Lot 1 would only invite further construction of residential buildings, which is not desirable or compatible with adjacent industrial properties, nor with Plan Winnipeg.

RECOMMENDATION:

I. That the plan of subdivision proposed under File No. DASZ 28/03 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 28/03, attached hereto and dated November 4th, 2003, for registration in the Winnipeg Land Titles Office.

II. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

III. That Zoning By-Law No. 6400/94 be amended by rezoning the subject land as shown on Schedule "A" for File No. DASZ 28/03, attached hereto and dated November 4th, 2003, to an "M2" Industrial District.

IV. That a 10 percent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land.

V. That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of this time is applied for prior to the expiry of this twenty four (24) month period and the extension is subsequently approved by Council.

VI. That the City Solicitor be requested to prepare the necessary by-law in accordance with the above.

VII. That the subdivision section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

VIII. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

IX. The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

X. In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within 24 months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of this time is applied for prior to the expiry of this twenty four (24) month period and the extension is subsequently approved by Council.
