Winnipeg

Office of the Chief Administrative Officer • Bureau de directeur municipal

INTER-OFFICE MEMORANDUM

TO: City Council

FROM: Mr. Georges Chartier
Chief Asset and Project
Management Officer

DATE: April 28, 2017

Re: 2016 Census of Population for the City of Winnipeg

Attached for your information is a short summary of the finding of the 2016 Census initial release of information prepared by the City Economist, Tyler Markowsky. It is being submitted as information for the meeting of City Council on May 24, 2017.

As indicated by the 2016 Census of Population, the City of Winnipeg is experiencing exceptional population growth. This population growth is being caused by immigration and as a result will expand Winnipeg's economic growth potential.

The Statistics Canada Census of Population is conducted every five years, and in February, the first information available, population and household counts, were published. Over the next year further details of our population will become available.

Georges Chartier
Chief Asset and Project Management Officer
