EXECUTIVE SUMMARY

As part of the Provincial Noxious Weed Act requirements for municipalities, Council is required to appoint a Weed Inspector or Inspectors as officials under the Act to ensure it is complied with. As in the past the Public Service is recommending three individuals whose primary responsibility is dealing with weeds and vegetation to be appointed in this role.

RECOMMENDATIONS

1. That John Bernuy (By-law Enforcement Officer – Community Services), Keith Studeny (Weed Inspector – Public Works) and Ken Kingsland (Weed Inspector – Public Works) be appointed as Municipal Noxious Weed Inspectors under the *Noxious Weeds Act*.

REASON FOR THE REPORT

Section 11(1) of Manitoba's *Noxious Weeds Act* requires that "every municipal council shall, not later than March 1 in each year, appoint by resolution at least one official to be known as "municipal noxious weeds inspector"…" The role of the Municipal Noxious Weeds Inspector is to ensure the Act is followed.

The Act also states that, "Where a municipal council neglects or refuses to appoint and employ a municipal noxious weeds inspector as required under this Act, the minister may, … appoint and employ a person for the service; and that amount shall be paid out of the funds of the municipality…" (Section 14(1).

IMPLICATIONS OF THE RECOMMENDATIONS

Appointing the above staff as municipal noxious weeds inspectors brings the City of Winnipeg in compliance with the Provincial *Noxious Weeds Act*.

The duties of the appointees fall within the scope the positions held by the appointees and will have no financial impact on either department.

HISTORY/DISCUSSION

In 2015, the Province of Manitoba specifically requested that the City of Winnipeg appoint a Municipal Noxious Weeds Inspector. The three individuals appointed in 2015 and 2016 are again being recommended to be appointed in 2017.

Until 2015 the City of Winnipeg had not recently appointed a Municipal Noxious Weeds Inspector under the *Noxious Weeds Act* because the Neighborhood Livability By-law primarily regulates vegetation on private properties through Section 8:

> "8(2) Other than on properties zoned for agricultural grazing and feeding and agricultural cultivation, turf must be kept trimmed to a maximum length of 15 cm (6 inches).
> 8(3) Noxious weeds must be controlled on all properties."

Although the By-law is the primary enforcement tool for controlling long grass and weeds in the City, the Province's *Noxious Weeds Act* still compels the City to appoint a Noxious Weed Inspector(s). Appointing these individuals as Municipal Noxious Weed Inspectors ensures the City will have the authority to control long grass and noxious weeds on property throughout the City of Winnipeg.
