Additonal Information	Vancouver could not provide exact amounts, but estimated around 2 million.	Edmonton was unable to provide annual and net mill rate support amounts for 2015. The rates in red reflect 2014 totals						

* Annual licensing fees are current, as of August 2016.

1. None of the municipalities included in this scan identified a specific breakdown of mill rate support for animal sheltering or animal licensing.

2. Mill rate support identified here represents *net* support dollars. Amounts shown reflect the balance of mill rate support left for municipal-based operations once operational funding has been distributed directly from the mill rate support base to local, non-municipal animal services departments/agencies.
