RECOMMENDATION

1. That the Developer's request to extend the requirement to complete the paving of Ravelston Avenue West from 2016 to 2017 be approved.

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council authority is required to amend Council's instructions.

EXECUTIVE SUMMARY

The Developer is requesting a time extension to complete the paving of Ravelston Avenue West from 2016 to 2017, in so far as the work is not complete. The Winnipeg Public Service has no objection to this request.

IMPLICATIONS OF THE RECOMMENDATIONS

The paving of Ravelston Avenue West will be completed in 2017.

HISTORY/DISCUSSION

On July 17, 2013, Council approved the subdivision and rezoning of land located at the northwest corner of Ravelston Avenue West and Peguis Street under file DASZ 15/2013 to allow for a future residential development including the establishment of new public rights-of-way.

On September 30, 2015 Council approved a request to amend a number of conditions including the following:

Amend Clause 14 b) – Schedule “C” Development Agreement for DASZ 15/2013 to extend the requirement to allow the Developer additional time to complete the paving of Ravelston Avenue West until 2016.This was agreed to in order to facilitate underground servicing installation along Ravelston Avenue West under DASZ 11/2011.

Underground servicing did not occur in time to allow the Developer enough time to complete the paving of Ravelston Avenue West in 2016. Therefore, the Developer has requested a further time limit to 2017 in order to complete work.

Given the circumstances provided above, the Winnipeg Public Service has no objection to this request and recommends approval.
