EXECUTIVE SUMMARY

The Canadian Union of Public Employees collective agreement expired on December 24, 2016 whereby the parties exchanged proposals on February 6, 2017 and began bargaining on February 6, 2017. Negotiations concluded on June 13, 2017, a tentative memorandum of agreement was signed on June 15, 2017 with an Addendum to the Memorandum of Agreement signed on June 21, 2017.

Over the last 25 years, the City's Labour Relations Strategy (although not enunciated in any document) has been to:

a) Minimize the increases in salary and benefits;
b) Maintain as many management rights as possible;
c) Make changes to Collective Agreement language to address current issues or issues that have arisen since the last round of negotiations;
d) Attempt to make changes to increase operational efficiency.

The Public Service believes that we have accomplished the above four goals within this round of collective bargaining.

RECOMMENDATIONS

1. That City Council ratifies the Memorandum of Agreement agreed to by the negotiating committees of the City of Winnipeg and the Canadian Union of Public Employees (CUPE).

2. That the City enter into, execute and deliver and the Chief Administrative Officer be authorized to do all things necessary to conclude a Collective Agreement with CUPE consistent with the terms of the Memorandum of Agreement.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing.

REASON FOR THE REPORT

It is required that City Council ratify all Collective Agreements entered into by the City of Winnipeg and Civic Unions/Associations.

IMPLICATIONS OF THE RECOMMENDATIONS

The Memorandum of Agreement between the City and the Canadian Union of Public Employees includes changes involving significant terms, material and other costs as follows:

1. Term of Agreement – December 25, 2016 – February 28**,** 2021 (50 Months)

2. General wage adjustment:

Year of Agreement	Date of Increase	Amount
1	December 27, 2017	1.5%
2	December 27, 2018	1.5%
3	October 31, 2019	1.5%

Note: Refer to attachment 4 for general wage adjustment net of concessions. The City Auditor and KPMG have not reviewed or audited this attachment.

3. New agreement introduces language that will create operational efficiencies that enforce the Labour Relations strategic goals of “Building a Strong and Sustainable Community and Building a Responsible Government”.

4. Introduction of new definitions within the body of the Collective Agreement that align and define the language of the agreement.

5. As part of the bargaining process, the Employer reviewed and reclassified certain positions that were amalgamated by combining duties and roles. There is an agreement that the parties will review and discuss changes to the current job evaluation process that involves both parties participation.

6. New agreement addresses the multiple Supplementary Agreements in place over the years with a commitment to revisit, renegotiate and ratify as needed in accordance with the Winnipeg Charter. The chart below is a list of all current Supplementary Agreements and Letters of Understanding outside of the collective agreement currently in place. None of these forty-eight agreements have been reviewed by Council in the past but will be when renegotiated over the next 18 months and required in accordance with the Winnipeg Charter.

7. The language relating to discipline and the investigation process has been replaced by respecting management's right to conduct investigations in a timely manner and wording that allows the Employer to suspend an employee temporarily without pay during an investigation.

8. Changes were made to cap the banked overtime allowing only eighty (80) hours of overtime to be banked and taken as time off in a fiscal year.

9. The probationary language was changed requiring all employees to serve a six (6) calendar month continuous service or 1,040 regular hours worked for part-time, seasonal and temporary staff that were not originally captured in the Collective Agreement.

10. The Parties agreed to amend the medical appointment leave from four (4) to eight (8) hours for the three employees who reside in Shoal Lake due to the distance and time to get to Winnipeg.

11. Adjustments were made to the benefit language which now only allows a seasonal employee on layoff entitlement to the dental and vision benefits for a period not to exceed six (6) months if they are subject to recall. This has changed from twenty months of entitlement.

12. With the change in the Employment Insurance maternity benefits waiting period from two weeks down to one, the Employer adjusted the language in the collective agreement that will see the Employer have to pay 93% top-up for the additional week.

13. The Parties have agreed that members within the 911 Call Centre who are represented by both CUPE and MGEU doing identical work, will allow the Employer to proceed to the Labour Relations Board to have one bargaining unit recognized as the sole bargaining agent over the Call Centre Operators.

14. The parties agree that the printing of the new Collective Agreements will be cost shared 50/50 between the Employer and the Union.

Unless otherwise stated, the changes in this collective agreement are effective on the date of ratification. The date of ratification of the agreement shall be the date on which City Council ratifies, which is the date following the Union ratification vote.

Items 3, 6 to 10, 11 and 13 have no projected financial impact as costs could not be reasonably estimated, or are deemed to be immaterial.
