Agenda – Council – July 19, 2017

Report – Standing Policy Committee on Water and Waste, Riverbank Management and the Environment – June 29, 2017

Item No. 3 Approval of Contract Extension No. 1 for Front Load Collection of Recycling from Multi-Family Dwellings and Other Establishments

STANDING COMMITTEE RECOMMENDATION:

On July 5, 2017, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Water and Waste, Riverbank Management and the Environment and submitted the following to Council:

1. That the extension of a contract with Waste Connections of Canada Inc. for Front Load Collection of Recycling from Multi-Family Dwellings and other Establishments for the period of February 1, 2018 to January 31, 2019 in the estimated amount of $410,000.00, GST and MRST extra as applicable, be approved.

2. That authority be delegated to the Chief Administrative Officer to award the one-year extension of Bid Opportunity 1031-2011 with Waste Connections of Canada Inc. in the estimated amount of $410,000.00, GST and MRST extras as applicable, in accordance with this report.

3. That the City enter into, execute and deliver a contract for the provision of services for the Front Load Collection of Recycling from Multi-Family Dwellings and other Establishments with Waste Connections of Canada Inc. (formerly known as Progressive Waste Solutions Canada Inc.) and such other agreements as determined necessary by the City Solicitor / Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

4. That authority be delegated to the Chief Administrative Officer to negotiate and approve the terms and conditions of the contract for Front Load Collection of Recycling from Multi-Family Dwellings and other Establishments and the Ancillary Agreements, in accordance with this report and such other terms and conditions deemed necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

5. That the Proper Officers of the City of Winnipeg be authorized to do all things necessary to implement intent of the foregoing.

Report – Standing Policy Committee on Water and Waste, Riverbank Management and the Environment – June 29, 2017

DECISION MAKING HISTORY:

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On July 5, 2017, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Water and Waste, Riverbank Management and the Environment and submitted the matter to Council.

STANDING COMMITTEE RECOMMENDATION:

On June 29, 2017, the Standing Policy Committee on Water and Waste, Riverbank Management and the Environment concurred in the recommendation of the Winnipeg Public Service and submitted the matter to the Executive Policy Committee and Council.

ADMINISTRATIVE REPORT

Title: **APPROVAL OF CONTRACT EXTENSION NO. 1 FOR FRONT LOAD COLLECTION OF RECYCLING FROM MULTI-FAMILY DWELLINGS AND OTHER ESTABLISHMENTS BID OPPORTUNITY NO. 1031-2011**

Critical Path: **Standing Policy Committee on Water and Waste, Riverbank Management and the Environment – Executive Policy Committee – Council**

EXECUTIVE SUMMARY

The Public Service is recommending a contract extension to Bid Opportunity No. 1031-2011 to Waste Connections of Canada Inc. (formerly Progressive Waste Solutions Canada Inc.) for the Front Load Collection of Recycling from Multi-Family Dwellings and other Establishments for the period of February 1, 2018 to January 31, 2019.

The original procurement through the Bid Opportunity process allows for the option of two (2) mutually agreed upon one (1) year extensions. This extension is required to allow the necessary time for the Public Service to collaborate with CUPE for the procurement process of the new contract, as per Council direction October 26, 2016.

RECOMMENDATIONS

1. That Council approve the extension of a contract with Waste Connections of Canada Inc. for Front Load Collection of Recycling from Multi-Family Dwellings and other Establishments for the period of February 1, 2018 to January 31, 2019 in the estimated amount of $410,000.00, GST and MRST extra as applicable.

2. That authority be delegated to the Chief Administrative Officer to award the one-year extension of Bid Opportunity 1031-2011 with Waste Connections of Canada Inc. in the estimated amount of $410,000.00, GST and MRST extras as applicable, in accordance with this report.

3. That the City enter into, execute and deliver a contract for the provision of services for the Front Load Collection of Recycling from Multi-Family Dwellings and other Establishments with Waste Connections of Canada Inc. (formerly known as Progressive Waste Solutions Canada Inc.) and such other agreements as determined necessary by the City Solicitor / Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

4. That authority be delegated to the Chief Administrative Officer to negotiate and approve the terms and conditions of the contract for Front Load Collection of Recycling from Multi-Family Dwellings and other Establishments and the Ancillary Agreements, in accordance with this report and such other terms and conditions deemed necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

5. That the Proper Officers of the City of Winnipeg be authorized to do all things necessary to implement intent of the foregoing.

REASON FOR THE REPORT

As the total estimated amount to be paid by the City pursuant to the contract to Waste Connections of Canada Inc. affects yearly budgets not yet approved by Council, Council approval is required. As per section 288(2) of the City of Winnipeg Charter, Council has authority to authorize expenditures before the operating or capital budget of a fiscal year is adopted.

IMPLICATIONS OF THE RECOMMENDATIONS

On October 26, 2016 Council directed the Public Service to:

That the Winnipeg Public Service enter into discussions, including potential revisions to the Collective Agreement, with the Canadian Union of Public Employees to explore whether the City could deliver garbage and recycle collection at a cost comparable to private sector service providers, in order to create an innovative option whereby City of Winnipeg collection contracts (such as multi-family garbage and recycling collection and/or a potential compost pilot project) could be awarded in-house in the future. The City has five collection contracts expiring in 2017 (bulky waste), and 2018 to 2023 (bin collection).

This extension is required to allow time to collaborate with CUPE in the procurement process as directed by City Council and implement the subsequent procurement path and ensuring there is no disruption to collection services under this contract.

The duration of this contract extension is for the period of February 1, 2018 to January 31, 2019 for the front end collection of recyclables from multi-family dwellings and other establishments.

Funding for this project will be made available from the 2018 and 2019 operating budget – Account Distribution No. 445-521027-201907-999.

HISTORY / DISCUSSION

The work of this contract consists of front end collection of recyclables from multi-family dwellings and other establishments for the entire city. On July 24, 2012, BFI Canada Inc. (which became Progressive Waste Solutions Canada Inc., then became Waste Connections of Canada Inc.), was awarded the contract for Front Load Collection of Recycling from Multi-family Dwellings and Other Establishments, Bid Opportunity 1031-2011 in the amount of $258,687.07 per year, GST and MRST extra as applicable for the period from November 1, 2012 to January 31, 2018 with the option of two (2) mutually agreed upon one (1) year extensions. Annual inflation adjustments were applied as per Section B8: Prices of the Bid Opportunity. In 2016, the contract value was $332,690.00, GST and MRST extra as applicable.

On March 27, 2017 the contract administrator contacted the contractor requesting to exercise the option of the first mutually agreed upon one (1) year contract extension.

On April 10, 2017, the contractor replied and agreed to the contract extension for the period of February 1, 2018 to January 31, 2019 at a proposed annual estimated cost of $410,000.00, GST and MRST extra as applicable. This rate includes a negotiated 3% increase to the Form B unit prices of contract 1031-2011.

As per clause D20.1 of the bid opportunity document, the unit prices specified on Form B: Prices will be adjusted on February 1, 2014 and annually on February 1 of subsequent years based on the percentage increase or decrease in the unit prices for the Contract year, based on 50% of percentage change in Index “A”, plus 20% change in Index “B”, plus 15% change in Index “C”. Nonetheless; the maximum annual adjustment shall not exceed 10%.

As per clause D20.2 Indices “A”, “B”, and “C” are as follows:

(a) Index “A” - All-items Consumer Price Index for the City of Winnipeg (Statistics Canada Reference Table 326-0020)

(b) Index “B” – Diesel Fuel Consumer Price Index for the City of Winnipeg (Statistics Canada Reference Table 326-0009)

(c) Index “C” - Average hourly earnings – employees paid by the hour in Truck Transportation for the Province of Manitoba (Statistics Canada Reference Table 281-0029)

As per clause D20.3 of the bid opportunity document, Indices “A”, “B”, and “C” will be those prepared by Statistics Canada. As some of the indices are not available from Statistics Canada until sometime after the adjustment date, the amount of adjustment will be retroactive to the adjustment date.

Original Contract – November 1, 2012 to January 31, 2018

Estimated Total Annual Contract Price	$258,687.07*

Proposed Contract Extension No. 1 – February 1, 2018 – January 31, 2019

Estimated Total Annual Contract Price	$410,000.00

Prices are GST and MRST extra as applicable.

*Unit rates are subject to an annual price adjustment for inflation as per the contract clauses detailed above.

The contract is based on unit rates that are applied to the number of locations that service is provided to. As the number of locations can fluctuate slightly, the total annual cost provided is an estimate only.

The Solid Waste Division is satisfied that the Bidder has the necessary experience and resources to perform the work of the contract in accordance with the requirements of the specifications and has performed the work since the beginning of the contract in accordance with the requirements of the contract.

The recommended Contractor has a workplace safety and health program meeting the requirements of The Workplace Safety and Health Act (Manitoba), as confirmed in a letter dated March 24, 2014 from an independent reviewer acceptable to the City (ie: Elias Occupational Hygiene Consulting).
