To whom it may concern. Im writing to you in regards to the proposed 4 lane highway in the south Wilkes area. I fully support the twinning of Wilkes versus any other previous proposal put forward. Needless to say, considering my home would be completely demolished to make room for infrastructure in the first proposal, I could not have been more impacted emotionally and financially. I built my home 14 years ago on McCreary RD for all the area and the property had to offer, having the serenity, 5 acres of beautiful space as well as offering all the amenities being in the city. Country living, in the city, dream come true. Very valuable property, in probably the most desired part of the city. The twinning of Wilkes would certainly make the most sense. I appreciate progress. Winnipeg is a great city and growing and we must acknowledge some controversy with these types of projects, however lets make the best choices.
