Subject: Lack of recreation infrastructure in South Winnipeg is disheartening

Good afternoon,

My name is Brent Walker and I live at 174 Southview Crescent in Winnipeg, MB along with my wife and 3 children (aged 6, 7 and 11). All 3 of my children participate in sports programs throughout the year, and my wife and I volunteer as coaches in their various sports. Being active and participating on teams is a very important aspect of any child's life long journey. It is very concerning and dismaying to my family that the city is considering moving ahead without putting forward any additional funding towards recreation infrastructure in the South Winnipeg Area over the next 5 years, when we are already below the City defined minimum. I strongly urge that the city reconsider the future of South Winnipeg and make community centres an important cornerstone for the area moving forward.

Thank you for taking the time to listen to our concerns and I hope that South Winnipeg's collective voices are heard and addressed within the upcoming budget decisions.

Sincerely,
Brent Walker
