Subject: SWAT 's concern about recreation facility in the south end .

I ,Harjeet Kaur ,am a resident It the south end for more than 40 years and for all those years have felt that there is no recreational facility provided by the city of Winnipeg in this area.I strongly Support SWAT's idea and efforts for such a good cause.I am rather disappointed to hear that this is not even on you agenda for discussion.I therefore ,request to please consider this need of us very seriously.
