EXECUTIVE SUMMARY

This report includes all sales and leases (including monetary and non-monetary) completed during 2017. Upon receipt of this report, the Planning, Property and Development Department (PP&D) will have complied and implemented Recommendation No. 6 of the 2013 Non-Monetary Real Estate Grants Audit.

RECOMMENDATIONS

That this report be received as information.

REASON FOR THE REPORT

The 2013 Non-Monetary Real Estate Grants Audit recommended "…that the Manager of Real Estate work with the Director of PP&D to prepare a report for the consideration of Council making delegated authority usage reporting for Winnipeg Housing and Homelessness Initiative (WHHI) transactions an annual requirement, report the usage in the annual report of non-monetary real estate grants, and document the process in the Division's policies and procedures manual, conditional upon Council's reissuance of the delegated authority."

Although the WHHI has been disbanded, the intent of the recommendation was to report annual usage of delegated authority. In order to comply with the audit recommendation and provide full disclosure to Council, the Planning, Property and Development Department (PP&D) has compiled all completed sales and leases (including monetary and non-monetary transactions) during 2017 (included in the appendix of this report as Schedule "A" (sale transactions) and Schedule "B" & "C" (lease transactions).

IMPLICATIONS OF THE RECOMMENDATIONS

There are no implications arising from receiving this report as information.

HISTORY/DISCUSSION

The Department has disclosed all sale transactions and lease transactions which were completed during 2017 and noted the price/rent and authority level for each transaction.

It is important to note one key difference between the reporting of sales and leases, namely:

- completed sale transactions will be reported in the year in which the revenue is received; and
- completed lease transactions will be reported in the year which the appropriate authority approves the transaction.

The difference in reporting between the two transaction types is due to the fact that approval of a sale transaction does not necessarily result in a closing, while the approval of a lease transaction typically results in tenant occupancy.

For clarity, lease transactions referred to in this report can include leases, encroachments and licenses.

It is noted that in any case where a non-monetary transaction is approved by the appropriate authority, the City of Winnipeg incurs a potential financial loss. This report has not identified any potential financial losses associated with non-monetary transactions. The analysis of potential financial losses should be completed when seeking approval of specific non-monetary transactions rather than the annual reporting of Completed Real Property Sale & Lease Transactions.

A list of the relevant 2017 transactions is included in Schedule “A” (sale transactions) and Schedule “B” & “C” (lease transactions).

FINANCIAL IMPACT

Financial Impact Statement Date: February 9, 2018

Project Name:

Completed Real Property Sale & Lease Transactions - 2017

COMMENTS:

As this report is for information only, there is no associated financial impact.
