REASON FOR THE REPORT

As a condition of future funding to CentreVenture, at its meeting on December 9, 2015, Council required the submission of a business plan, in appropriate form as determined by the City’s Chief Financial Officer, and Council approval.

Council approval of proposed criteria for administration of the Gail Parvin Hammerquist Fund is required in accordance with Council disposition on December 9, 2015. In accordance with Council policy, Council approval is required to grant a direct option to purchase surplus City-owned property.

The Public Service was able to comply with the City’s “Offers to Purchase City-Owned Property” Policy approved by Council in 2006 while CentreVenture’s Asset Agreement was in place. Once the Asset Agreement expired, CentreVenture was no longer exempt under the 2006 policy. As a result, a waiver of the “Offers to Purchase City-Owned Property” is required to complete an unsolicited offer with CentreVenture.

IMPLICATIONS OF THE RECOMMENDATIONS

- There are no regulatory or human resource implications associated with this report.
- Provisions of The Gail Parvin Hammerquist Fund By-law No. 7633/2000 and the City-wide Heritage Program criteria will be observed in the administration of the Gail Parvin Hammerquist Fund, subject to Council approval of the proposed requirements attached.
- The City's standard terms and conditions of sale and/or lease will be in keeping with the intent of the original Asset Agreement and include provisions to protect City interests.
- The City's standard terms and conditions of sale will include provisions in the Option to Purchase Agreements and/or any Ancillary Agreements to protect the City's interests in the event that environmental contamination is discovered, easements are required, etc.
- Surplus City-owned Properties will be optioned in order to facilitate CentreVenture in fulfilling its mandate and continuing its public consultation and marketing strategy for the development of these properties.
- The timeline associated with granting of an option for a period of two years and ending on December 31, 2020 is intended to align with CentreVenture's Business Plan and may be extended as required.
- While CentreVenture's Business Plan does not include any new loans within its projections, alternate financial arrangements, if contemplated by CentreVenture, may add potential financial loss and risk to the City.

HISTORY/DISCUSSION

History:

On May 13, 1999, Council amended and adopted the CentreVenture - Downtown Revitalization Report and its companion, CentreVenture: A New Approach to Downtown Revitalization Report, dated May 5, 1999. City Council endorsed the creation of CentreVenture Development Corporation to provide leadership in creating and sustaining business opportunities and economic growth in downtown Winnipeg.

On July 9, 1999, CentreVenture Development Corporation ("CentreVenture") was duly incorporated under the laws of the Province of Manitoba.

On September 20, 1999, the City held a workshop and tabled the preliminary draft of Plan Winnipeg... 2020 Vision for review and consideration. This document identified a "downtown first" philosophy as the number one priority for The City of Winnipeg. Also on September 20, 1999, CentreVenture presented a workshop for all Members of Council and tabled its Preliminary Draft Business Plan.

On September 24, 1999, the CentreVenture Board adopted their Start-Up Business Plan for final submission to a special September 29, 1999 Council Meeting.

On September 29, 1999, Council approved recommendations outlining resources necessary to support the new Corporation as it undertakes its mission for downtown Winnipeg that included, amongst other recommendations, creation of an endowment fund for its Development Bank, annual operating grant and land contribution and inventory of City-owned property with resulting land sales revenues to CentreVenture.

On November 17, 1999, Council authorized the City to enter into an Asset Agreement with CentreVenture that provided a land contribution and inventory of City-owned properties with resulting land sales revenues to CentreVenture.

In 2002, Council approved the establishment of an Urban Development Bank of $10 million from the City of Winnipeg to CentreVenture that was reported to provide "…developers with loans, mortgages and gap financing for the purchase and/or development of downtown properties."

In November 2011, Council adopted recommendations to increase CentreVenture's line of credit and to establish "A new operating grant of up to $300,000 per annum from 2011 to 2013 to CentreVenture Development Corporation ("CentreVenture") to offset the projected operating budget shortfall identified in their 2011 – 2013 Business Plan".

In December 2012, Council adopted a time-limited line of credit increase from $13 million to $19.6 million with a loan guarantee from the City of Winnipeg in conjunction with CentreVenture's acquisition of strategic properties in the Downtown (St. Regis Hotel and The Carlton Inn). This increase was subsequently reduced and currently stands at $10.4 million.

In March of 2013, CentreVenture approached the City of Winnipeg, through Planning, Property and Development, with a request to pursue a sustainable funding option in conjunction with their next three-year Business Planning cycle (2014 to 2016).

On June 25, 2014, Council concurred in the recommendations of the Executive Policy Committee and adopted CentreVenture Development Corporation's ("CentreVenture") 2014 - 2016 Business Plan subject to report back with a recommended long-term funding solution.

On December 9, 2015, Council concurred in the recommendations of the Executive Policy Committee to recognize the spirit of the original document that established CentreVenture, re-affirmed its mandate "to provide leadership in the planning, development, coordination, and implementation of projects and activities in the downtown" and continue to strengthen the City of Winnipeg's commitment and successful relationship with CentreVenture.

On December 9, 2015, Council concurred in numerous recommendations of the Executive Policy Committee, which included a recommendation that future funding to CentreVenture be subject to submission of an annual business plan in appropriate form as determined by the City's Chief Financial Officer, and Council approval.

On February 26, 2016, Council appointed six (6) citizen members to the CentreVenture Development Corporation Board of Directors for 3-year terms expiring on December 31, 2018.

On July 13, 2016, Council adopted the CentreVenture Development Corporation 2015 Annual Report to be received as information.

The Asset Agreement entered into between the City and CentreVenture has been renewed a number of times since 1999 and expired on March 1, 2017.

On June 21, 2017, Council approved a report granting CentreVenture the option to purchase four (4) surplus City-owned properties each for the price of $1.00 in order to conclude negotiations and legal commitments related to the proposed development of those properties.

Discussion:

Business Plan:

In September 2017, CentreVenture submitted *Drive for 2020*, attached hereto as Attachment 1, the result of multiple business plan iterations submitted for consideration by the City's Chief Financial Officer in conjunction with the submission of supporting annual financial reports and information.

Drive for 2020 outlines strategies to fulfill priorities in keeping with Council's 2015 mandate and the reaffirmation that "CentreVenture will provide leadership in the planning, development, coordination, and implementation of projects and activities in the downtown."

Drive for 2020 provides current market analysis, accomplishments and a vision of 3-year self-sustainability that includes a proposal for alternate funding sources in lieu of annual operating grants from the City. CentreVenture reports to have "…undertaken an extensive review of its historical financial and operating performance with the goal of creating a leaner and more sustainable footing for its go forward operations." Staff reductions, cost containment and other efficiency measures are reported to support its current operating budget. A long-term funding solution is not proposed at this time. *Drive for 2020* proposes that a comprehensive review be undertaken in 2021.

CentreVenture's strengths in delivery of the Gail Parvin Hammerquist Fund is its knowledge and strong understanding of the downtown market and opportunities for properties, including those with heritage elements, to achieve their full market potential. Over the years, CentreVenture has provided project and gap financing that has been especially critical in adaptive re-use of smaller development projects and buildings. These successes demonstrate that project financing through repayable loans can be an effective tool to encourage smaller investments in the downtown and to bridge economic gaps for more complicated projects like heritage rehabilitation and restoration projects. CentreVenture recommends this methodology to offer greater sustainability of the Gail Parvin Hammerquist Fund and maximize opportunity to support a greater number of projects.

It should be noted that the Business Plan contains a number of suggested future opportunities, including but not limited to, a focus on the development of the following three assets:

- The Market Lands
- Ross Avenue/Paulin Street – Surface Parking Lot
- 311 Ross Avenue – Materials Storage Buildings

As noted in the business plan, each of these City properties present an opportunity to make a positive difference in the Northwest Exchange & Chinatown neighbourhood, characterized by many underutilized and vacant properties.

The Public Service recommends approval of the attached CentreVenture Business Plan: *Drive for 2020* and approval of proposed criteria for administration of the Gail Parvin Hammerquist Fund and granting CentreVenture direct options to purchase key surplus City-owned property.

FINANCIAL ANALYSIS

A. Update from last report

On December 9, 2015, Council approved a report entitled “CentreVenture Development Corporation – Long-Term Funding Solution”. Included in the report was an extensive overview of funding sources and financial instruments. In short, information was provided under the following categories:

- Start-up Funding and on-going operating grants
- Urban Development Bank Funding
- Heritage Funding
- Asset Agreement
- Specific Initiative Funding
- Loan Guarantees
- Program Administration

Since the date of the report, $600,000 of general operations grants was approved for both 2016 and 2017. Payment of the full 2017 grant is still pending. The City has not provided further heritage funding payments or urban development grants aside from tax credits collected and remitted since 2015. Similarly, there have been no further loan guarantees.

B. Financial Review

The City reviewed CentreVenture’s audited financial statements dated December 31, 2017 and obtained the following information:

- Total assets are $31 million, reduced down from $39 million, restated in 2014 primarily resulting from transactions associated with the St. Regis and Carlton Inn. Total liabilities are $25 million, down from $32.1 million, restated in 2014.
- The approved operating loan balance has been reduced to $10.4 million with a year-end balance due of $3.8 million.
- The Urban Development Bank balance has decreased from $6.9 million, restated in 2014, to $2.4 million in 2017. Part of the recent decline relates to the acquisition of two heritage buildings in 2017 for $1.7 million. It should be noted that the Urban Development Bank balance commenced operations with $10 million of equity so there has been a significant depletion of the balance to the end of 2017.
- CentreVenture budgeted for an operating shortfall of $187,000 in 2017 based on receiving a $600,000 grant from the City. It is now expecting a surplus of $141,638.

At December 31, 2017, the City has approved the loan guarantees listed below. Outstanding balances are also shown below.

			CentreVenture Total	**$ 92,375,000**	**$ 84,770,500**	**$ 26,350,612**

With the exception of CentreVenture's $10.4 million operating line of credit, these loan guarantees are for City-directed borrowing for City programs and projects including the Downtown Residential Development Grant (DRDG) program, the SHED program and the Exchange Waterfront Neighbourhood Development Program (EWNDP). These amounts are borrowed by CentreVenture in accordance with Council approval, under joint Province and City oversight and direction, and are repaid through incremental taxes generated from specific redevelopment projects in the downtown. An additional loan guarantee relates to the Youth Centre of Excellence project.

The purpose of the Gail Parvin Hammerquist Fund, established by By-law 7633/2000, is to encourage and assist in the renovation of buildings of architectural or historic significance and to provide for heritage research and heritage economic development initiatives in the City. On December 14, 2016, Council approved transfer of the Fund from the General Revenue Enterprises Fund to the Heritage Investment Reserve Fund. The balance in the Heritage Investment Reserve Fund at the end of 2017 totals $3 million of which the Gail Parvin Hammerquist component comprises all but $44,000.

The term of the last Asset Agreement between the City and CentreVenture expired on March 1, 2017.

C. Future Direction

- Section 8 of CentreVenture's Business Plan sets out its financial plan for 2018 onwards. As noted, City grant funding will be discontinued in favour of proceeds from the disposition of the properties described herein over the next three years. These properties will be provided to CentreVenture on an option basis, which will then be transferred based on conditions set by the Planning, Property and Development Department and attached hereto as Attachment 3. If property sales are delayed, there is risk of significant operating deficits that would need to be covered by draws from CentreVenture's operating line of credit, which is guaranteed by the City of Winnipeg.
- Included in the 2018 budget are anticipated fees totaling $300,000 from the second stage of SHED Phase II.
- Also included in revenue from 2018 to 2020 are annual payments from the Gail Parvin Hammerquist Fund intended for acquisition of heritage properties. It is recommended that the proposed criteria, attached hereto as Attachment 2, be used as the grant criteria and procedures for administration of the Gail Parvin Hammerquist Fund.
- The Public Service recommends that the City and CentreVenture collaborate to explore the concept of using repayable loans in addition to grants in the administration of the Gail Parvin Hammerquist Fund and report back to Council within ninety (90) days with recommendations.
- CentreVenture contemplates continued use of financing tools previously available to the Corporation such as borrowing for its redevelopment projects and gap financing (lending) to third party projects. However, CentreVenture acknowledges that there is reduced demand for its gap financing, due to maturity in the downtown market, and is projecting a decline in this activity. While CentreVenture does not anticipate any new loans within its projections, alternate financial arrangements, if contemplated by CentreVenture, may add potential financial loss and risk to the City.
- CentreVenture currently engages City participation through involvement on various working committees. The complexity of project development in the downtown and requirement for involvement by numerous City Departments in CentreVenture project

implementation over the past 5-10 years resulted in a request from CentreVenture for direct participation by City Representatives on its Board. As stated in *Drive for 2020*, the CentreVenture Board of Directors ("Board") has held ex-officio positions for senior administrators at the City of Winnipeg and the Province of Manitoba. In order to effect appointment of City representatives to the Board, the Public Service seeks approval to appoint two City representatives as "Observers" to the Board, one of which shall be the Director of Planning, Property and Development with the other City representative to be determined by the Chief Administrative Officer on terms and conditions to be negotiated between CentreVenture and the Chief Administrative Officer.

- In this capacity, Observers shall be entitled to:
    a) Receive notice of all meetings of the Board;
    b) Receive copies of all documents, including confidential and in-camera documents, provided to the Board;
    c) Receive all written resolutions presented to the Board;
    d) Request and receive information concerning CentreVenture and its activities;
    e) Attend all meetings of the Board; and
    f) Participate in all deliberations of the Board.

  However, Observers are not entitled to vote at any meetings of the Board.
- The Chief Administrative Officer shall be tasked with the responsibility of bringing forward to Council any matter arising from CentreVenture's operations that requires consideration by Council in order to ensure that the strategic direction and activities of CentreVenture remain consistent and aligned with the policies and direction set out by Council.

Property Recommendations:

A critical component of CentreVenture's revitalization activity has been property assembly. Since 1999, CentreVenture has assembled property for over 20 significant projects in the downtown.

On November 17, 1999, Council authorized the City to enter into an Asset Agreement with CentreVenture that provided a land contribution and inventory of City-owned properties with resulting land sales revenues to CentreVenture. Notable projects achieved with Asset Agreement properties include Mountain Equipment Co-Op, Manitoba Credit Union Centre Headquarters, WRHA headquarters, The MET, and multiple new housing projects on Waterfront Drive.

Through the years, CentreVenture directly purchased underutilized or distressed private properties to make them available for redevelopment. Notable projects involving private properties include True North Square, CentrePoint/ALT Hotel, The United Way of Winnipeg headquarters, Centre Village, the Bell Hotel, and the Avenue Building on Portage.

While the Asset Agreement was renewed a number of times since 1999, it expired on March 1, 2017.

On June 21, 2017, Council concurred in the recommendation to grant CentreVenture direct options to purchase four (4) surplus City Properties, granted under the expired Asset Agreement, for $1.00 in accordance with specific terms and conditions in keeping with the intent of the expired Asset Agreement, but reflective of current policies, practices, terms and conditions.

As the City's Downtown Development Agency with a keen understanding of downtown market demands and unique challenges with downtown development, CentreVenture has demonstrated expertise and gained specific momentum in public consultation and marketing of key City-owned downtown properties, such as the Market Lands site, and facilitating successful partnerships with private property owners and developers in land assembly and redevelopment projects.

CentreVenture's Business Plan identifies a shared area of interest between the City and CentreVenture via the development of the following three property assets:

- The Market Lands
- Ross Avenue/Paulin Street – Surface Parking Lot
- 311 Ross Avenue – Materials Storage Buildings

As noted in the Business Plan, each of these City properties present an opportunity to make a positive difference in the Northwest Exchange & Chinatown neighborhoods that are characterized by many vacant or derelict buildings and land.

All subject City properties were circulated to all City Departments and no Civic need beyond availability to current tenancies were identified. A synopsis of the City properties proposed to be optioned to CentreVenture is summarized in Attachment 4 and shown on Misc. Plans in Attachment 5.

The Public Service supports and recommends approval to grant CentreVenture options to purchase strategic downtown surplus City Properties outlined on Attachment 4 hereto for $1.00, including surplus City-owned properties previously optioned to CentreVenture under the expired Asset Agreement. It is further recommended that the requirements of the City policy entitled "Offers to Purchase City-owned Property" approved by Council on December 6, 2006 be waived in this instance to permit direct options to CentreVenture based on terms and conditions as outlined in attached Schedules "A" and "B" as Attachment 3 and identified by Misc.
