Auditors' Report on Compliance with Framework
City of Winnipeg
Grant of options to purchase 311 Ross Avenue and 346 Pacific Avenue

To: City Council

We performed an audit of the proposed real estate transaction described in Section 1 of this report (the "Transaction") to determine whether the Transaction was undertaken by the City of Winnipeg's Planning, Property and Development Department ("PP&D") in compliance with version 1.01 of the framework referenced in Section 1 of this report (hereinafter referred to as the "Compliance Framework"). The Compliance Framework as well as compliance of the Transaction with the Compliance Framework are the responsibility of PP&D. Our responsibility is to express an opinion on the City of Winnipeg's compliance with the Compliance Framework based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether PP&D complied with the applicable criteria of the Compliance Framework described in Section 1. An audit includes examining, on a test basis, evidence supporting compliance with the applicable criteria of the Compliance Framework and included: 1) performing corroborative interviews with City of Winnipeg employees and representatives who were responsible for conducting the Transaction; 2) examining documentation provided by City of Winnipeg employees; and 3) reperforming transaction specific calculations, where applicable. We performed our audit procedures based on discussions with PP&D Management and information available as at April 26, 2018.

In our opinion, except for the compliance exceptions noted in Section 2, PP&D is in compliance, in all material respects, with the individual criteria of the Compliance Framework (version 1.01) for the Transaction noted above.

This report was prepared for City Council for the purpose of City Council's ultimate determinations related to the above noted transaction, and although it may be made publically available, readers are cautioned that this report is not suitable for any other purpose.

Deloitte LLP

Chartered Professional Accountants
Winnipeg, Manitoba
April 27, 2018

Section 1 – Compliance Framework, the Transaction, and Management's responsibility

Compliance Framework
City Council ("Council") created the role of the Independent Fairness Commissioner ("IFC") for the purpose of ensuring that real estate transactions and management services ("Transactions") are performed in a fair, transparent and open manner. Under the direction of Council, the City Auditor has engaged Deloitte LLP ("Deloitte") to provide certain services as part of the IFC role through the performance of compliance audits in accordance with the assurance standards of the Chartered Professional Accountants of Canada ("CPA Canada"). To ensure Council's objectives for the IFC are addressed, a Compliance Framework was developed under the oversight of PP&D (also referred to as "Management") through consideration of applicable City of Winnipeg by-laws, policies and procedures including PP&D's internal Real Estate Transaction Management Framework ("RETMF"). The Compliance Framework is to be used as the basis for the performance of compliance audits of selected Transactions, and can be subject to revision by PP&D based on evolving requirements. Further background information regarding the Compliance Framework is in Appendix 1.

The Transaction
The proposed transaction is the grant of options to CentreVenture Development Corporation to purchase 311 Ross Avenue and 346 Pacific Avenue, as defined within the City's Misc. Plans No. 10775/5 and 12212/2, respectively, each for the purchase price of $1.00 (the "Transaction"). The scope of the Compliance Audit includes only the compliance aspects of the Transaction relating to 311 Ross Avenue and 346 Pacific Avenue outlined in the associated Administrative Report (Recommendations #9C and #9B), and excludes any prior or ongoing Transaction related activities, where applicable. Management represents that the complexity of this transaction has been deemed to be "high" for the purposes of this compliance audit.

Management responsibility and assertion
Transaction documentation has been prepared by PP&D based on information available at April 26, 2018. The Compliance Framework and applicable criteria is the responsibility of PP&D and has formed the basis of the compliance audit conducted by Deloitte on the Transaction. PP&D is responsible for ensuring the fairness, transparency, and openness of any proposed or completed transactions and the compliance of transactions with the Compliance Framework. Further, as discussed in Appendix 2 of this report, PP&D has made certain representations regarding the information provided to Deloitte to support the performance of the independent compliance audit. Deloitte's responsibility is to express an opinion on PP&D's compliance with the Compliance Framework based on the results of their independent audit procedures performed as outlined in Appendix 1 to the report.

Yours truly,

Planning, Property and Development Department
City of Winnipeg

Section 2 – Exceptions noted and Management's unaudited response

Exceptions noted

The criteria within the Compliance Framework were subject to audit procedures performed by Deloitte for the purposes of determining compliance to support our independent auditors' report, as discussed in Appendix 2. Included in the table below is a summary of the exceptions noted in testing the compliance of the Transaction with the Compliance Framework, the associated criteria, and the unaudited responses to these exceptions prepared by Management. The City Auditor has requested responses from PP&D for each exception noted and provided the responses to Deloitte for inclusion in the report. Management's responses are unaudited, and have been included to provide commentary by the City of Winnipeg, to the SPCPDHDD and/or Council.

A complete listing has been included in Appendix 2 of those criteria for which exceptions were noted, criteria that were deemed to not be subject to audit, and criteria deemed by Management to not be applicable to the Transaction.

Summary of exceptions noted	Related criteria
Reporting documentation incomplete: Aspects of the Administrative Report were not completed as required by Appendix B of the RETMF, such as (but not limited to) identification of the financial impact of the proposed Transaction with respect to the 311 Ross Avenue and 346 Pacific Avenue properties, and appraisal considerations. Further details regarding the exception noted are included in Appendix 2 of this report.	1.01
File documentation incomplete: The file documentation was not in compliance with several aspects of the Compliance Framework, such as (but not limited to): • The complete reporting checklist relating to the Transaction has not been fully completed or reviewed by an appropriate individual; • The file did not include documentation of the decision as to the form of appraisal, consideration with respect to the use of an internal or external appraiser, or an Appraisal Requisition Form; nor did it include evidence of review of the appraisal report by a designated member of the Appraisal Institute of Canada or a staff of the Real Estate Division. • There was no evidence that a visual inspection of the properties was carried out, or that addressed whether legal encroachments are protected on sale; • Evidence of review of the Risk & Complexity Tool was not included in the file; • Evidence of review and/or final confirmation and approval of the proposed transaction documentation by Legal Services was not included in the file; • Initial interest in the Transaction was not communicated to the City in the form of a formal written offer; • Within 30 days of previously being declared surplus, the properties were not posted on the City of Winnipeg website; and • The Transaction has not been included in the Tracking Database, as required by Appendix L of the RETMF.	1.03, 1.04, 2.04, 2.08, 2.09, 6.03, 8.01, 9.01, 13.01, 17.01, 20.01

Appraisal not completed: An appraisal of 311 Ross Avenue was prepared as at December 2014, however an appraisal of 346 Pacific Avenue was not obtained. In addition, an update appraisal dated within twenty-four months of the expected transaction date has not been completed for 311 Ross Avenue. Given that the proposed Transaction involves the grant of options to purchase 311 Ross Avenue and 346 Pacific Avenue in the future for $1.00, a current appraisal of both properties would establish the foregone value for each.	2.01, 2.12
Sale conditions require waiver of policy: File documentation does not contain evidence that any of the conditions outlined within the City of Winnipeg *Offers to Purchase City-Owned Property Policy* (December 2006) have been met. The authors of the Administrative Report have recommended that the requirements of the above identified policy are waived in the instance of this Transaction (Recommendation #9F). As at the date of our review, file documentation did not include evidence of the engagement of Materials Management and the utilization of a Competitive Bid Process as prescribed by Appendix E of the RETMF.	8.02, 12.01

Unaudited Management response to exceptions noted

The IFC has identified several instances of non-compliance in the transaction. Management has proposed a transaction to an arm's length entity of the City of Winnipeg which includes non-standard terms that are disclosed within the administrative report. As a result, certain elements of the RETMF were not completed or could not be completed. The transaction's non-compliance will be narrowed through the recommended business plan, as certain non-compliant items (e.g. appraisal) are required to be completed in due course. Compliance to the RETMF would not change the outcome of the transaction, as the transaction forms part of a business plan recommended to Council.

Appendix 1 – Scope of services requested

Introduction

As outlined in Section 1 of the report, and to address Council's objectives for the IFC, a Compliance Framework was developed under the oversight of PP&D. The Compliance Framework development process also included assistance from Deloitte and the City Auditor in the form of consultation as to the sufficiency and appropriateness of the Compliance Framework for PP&D's ultimate determinations. The version of the Compliance Framework utilized for the purposes of this compliance audit is Version 1.01 dated March 27, 2018 as made available by Management. The Transaction is to be presented to the Standing Policy Committee on Property and Development, Heritage and Downtown Development ("SPCPDHDD") and/or Council for approval. Council has adopted the Executive Policy Committee's recommendation that the compliance audit of Transactions will occur prior to presentation to SPCPDHHD and/or Council. Accordingly, Deloitte has been engaged to perform the compliance audit of Transactions while in progress, the results of which will be reported directly to SPCPDHHD through the City Auditor and Deloitte.

Scope of services requested of Deloitte by the City of Winnipeg

Deloitte has been engaged to perform an independent audit of the Transaction's compliance with the Compliance Framework noted above as follows:

a. Produce an independent auditor's report on whether the Transaction is in compliance with the relevant criteria outlined within the Compliance Framework.
b. Submit the results of the compliance audit and specific Auditor's Report to the City Auditor.
c. Report specific findings and compliance exceptions within the Auditor's Report based on the Compliance Framework where applicable.
d. Prior to performance of a specific compliance audit of a Transaction,
    i. declare any conflict of interest in connection with the specific Transaction; and
    ii. obtain management's representation of the complexity rating of the Transaction, based on specific guidance retained by the City and in consultation with the Contract Administrator.
e. Attend the SPCPDHDD's regular meeting and/or any agreed upon special meetings in person where the independently prepared auditor's report will be tabled so as to answer questions regarding the report.

Deloitte's audit procedures to determine compliance with the stated criteria within the Compliance Framework included testing on a sample basis of the evidence supporting compliance with the applicable criteria of the Compliance Framework and included: 1) examining documentation provided by City of Winnipeg employees; 2) reperforming transaction specific calculations, where applicable; and 3) performing corroborative interviews with City of Winnipeg employees and representatives who were responsible for carrying out the Transaction.

For criteria identified to not be in compliance and related exceptions noted, the report provides these findings and, where applicable, management comments related to the compliance exceptions. Any identified instances of non-compliance in relation to the Transaction are detailed in Appendix 2 of this report. Management's unaudited responses to the compliance exceptions, if any, are included in Section 2 of the report. Responses regarding the cause of non-compliance, where provided, are prepared by PP&D. Observations regarding the impact on the fairness, transparency, and openness of the Transaction, where provided, would be prepared by PP&D and/or the City Auditor.

Appendix 2 – Findings and compliance exceptions noted

Background information provided by the Independent Auditor

The Compliance Framework referenced in Appendix 1 above forms the basis of the criteria for Deloitte's independent audit of the Transaction. The Compliance Framework is presented in two components as follows:

Objectives	Summarized objectives of the IFC and RETMF as considered and defined in the applicable by-laws, policies, procedures, and the RETMF.
Criteria	Specific requirements that a real estate transaction is expected to comply with in order to be considered fair, transparent and open. Criteria were developed in consideration of specific statements or requirements within by-laws, policies, procedures, and the RETMF. Management's ultimate determination of applicable criteria is based on the nature of the transaction, property type, and transacting party.

Our audit procedures to determine compliance with the stated Criteria within the Compliance Framework included testing on a sample basis of the evidence supporting compliance with the applicable Criteria of the Compliance Framework and included: 1) examining documentation provided by City of Winnipeg employees; 2) reperforming transaction specific calculations, where applicable; and 3) performing corroborative interviews with City of Winnipeg employees and representatives who were responsible for carrying out the Transaction. We performed our procedures based on discussions with Management and information available as at April 26, 2018. Any compliance exceptions pertaining to individual Criteria noted by Deloitte during the performance of our audit procedures are identified below.

Management's representations provided to the Independent Auditor
As discussed in Section 1 of this report, Management has represented that to the best of their knowledge and belief, the following:

- All information presented to Deloitte has been presented fairly and accurately, and in a manner that would not create judgements requiring interpretation that could result in a change in conclusion as to the compliance of the Transaction with the Compliance Framework;
- All documents prepared and provided to Deloitte for review were prepared in the course of conducting the Transaction;
- Deloitte has been provided access to all relevant documents, information, and City employees or representatives who possess information related to the Transaction, and within the stated period to meet the City's requirements to determine compliance;
- Criteria deemed as not applicable to the Transaction are identified in sub-section C of this appendix; and
- The complexity rating of the transaction based on the review completed by PP&D is high.

Findings and compliance exceptions noted
The findings and compliance exceptions noted through the performance of Deloitte's audit procedures have been presented in the following categories:

A. Exceptions noted	The table outlines only those Criteria defined in the Compliance Framework that are applicable to the Transaction and for which we have noted exceptions in compliance. The exceptions have been organized in the table by the Objective reference number, and included in the second column those Criteria where instances of non-compliance have been identified. The third column contains a description of the exception noted.
B. Criteria not subjected to audit	The table outlines those Criteria that could not be subjected to audit on the basis of Management's representation that the related activities have not been performed based on the rationale provided.
C. Criteria not applicable to the Transaction	During the course of our test procedures performed, Management has represented and confirmed that the Criteria referenced in this table are not applicable to the Transaction, and have therefore not been included in the scope of our audit.

It should be noted that Criteria for which no compliance exceptions were noted are not included in the tables below. The Compliance Framework should be referenced for a complete listing and description of all applicable Criteria included within the Compliance Framework as at the date specified above.

A. Exceptions noted

1. Information reported to Council or delegate with respect to the transaction was complete

	Criteria	Exceptions noted
1.01	Reporting to Council has been prepared in the form of an Administrative Report that includes a recommendation(s); reason for the Administrative Report; implications of the recommendations; history of the Administrative Report; financial impact of the transaction; summary of consultations; and identification of the preparer, reviewer, and review date, in accordance with Appendix B of the RETMF.	The following aspects of the Administrative Report were not included as outlined in Appendix B of the RETMF: • The financial impact of the proposed Transaction with respect to the 311 Ross Avenue and 346 Pacific Avenue properties, including the estimated opportunity cost, was not documented; • Current appraisals of the properties, within the last twenty-four months were not prepared as noted in finding 2.01, and as a result no discussion of appraisal considerations was included; and • Evidence of review by the Supervisor/Superintendent/Manager of PP&D was not included.
1.03	The complete reporting checklist (as outlined in Appendix C of the RETMF) which corresponds to the transaction type has been fully completed, including all attachments noted to be evidenced in file. Rationale for the notation of any particular item within the checklist as "N/A" has been included.	The following sections of the Sales / Disposals Checklist per Appendix C of the RETMF were not completed at the date of Transaction review: • Property inspection (partially completed); • Administrative report to declare land as surplus (partially completed); • Market data, appraisals and assessments undertaken (partially completed); • Marketing package; • Summary of offers; • Deposits; • Accepted Terms; • Delegation of Authority; • Reporting; • Final negotiated position, draft Administrative Report or Briefing Note and supporting data reviewed; and • Admin Report or Briefing Note approval.

1.04	The complete reporting checklist relating to the transaction has been reviewed by the author of the associated Administrative Report or Briefing Note, as evidenced by date and sign-off on the checklist.	Evidence of review of the complete reporting checklist by the author of the Administrative Report, as required by Appendix C of the RETMF, was not present in the file.

2. An appraisal of the property has been performed by a qualified individual, in an acceptable format, as needed

	Criteria	Exceptions noted
2.01	An appraisal of the subject property has been prepared, and the associated Appraisal Requisition Form has been filled out and included in the file.	File documentation did not include appraisals of 311 Ross Avenue and 346 Pacific Avenue that were completed within 24 months of the expected date of the Transaction. It was noted that an appraisal for 311 Ross Avenue was completed as at December 2014, but an appraisal of 346 Pacific Avenue was not obtained. In addition, a completed Appraisal Requisition Form was not included in the Transaction documentation, as required by Appendix D of the RETMF.
2.04	The decision as to the form of appraisal and the use of an internal or external appraiser was made by the Senior Appraiser, Superintendent of Property Management, Supervisor of Sales & Acquisition or Manager of Real Estate in accordance with the guidance and matrix in Appendix D of the RETMF, and documented by the Appraisal Branch. Documentation outlines the preparer's consideration of the "Reasonable Appraiser" test as defined by Canadian Uniform Standards of Professional Appraisal Practice.	With respect to the December 2014 appraisal of 311 Ross Avenue noted in the finding related to criterion 2.01 above, the file did not include documentation of the decision as to the form of appraisal, or consideration with respect to the use of an internal or external appraiser, as required by Appendix D of the RETMF.
2.08	Prior to finalizing the appraisal report and within six weeks of the delivery of the appraisal report, the draft appraisal (both internally and externally prepared) has been reviewed by a designated member of the Appraisal Institute of Canada. This review has been documented by either a narrative review or review memo signed off by the Senior Appraiser.	With respect to the December 2014 appraisal of 311 Ross Avenue noted in the finding related to criterion 2.01 above, the transaction file did not include evidence of review of the appraisal report by a designated member of the Appraisal Institute of Canada.
2.09	The appraisal has been reviewed by staff of the Real Estate Division or Property Management Branch, as applicable based on the type of transaction.	With respect to the December 2014 appraisal of 311 Ross Avenue noted in the finding related to criterion 2.01 above, the transaction file did not include evidence of review of the appraisal report by a staff of the Real Estate Division.
2.12	In cases where the most recent appraisal with respect to the property was completed more than 24 months from the expected date of the transaction, an Update Appraisal was completed.	File documentation did not include an Update Appraisal with respect to the December 2014 of 311 Ross Avenue appraisal noted in the finding related to criterion 2.01 above.

6. Property, Planning, and Development has been authorized to commence negotiations for the acquisition or disposal of land, and completed site inspections as appropriate

	Criteria	Exceptions noted
6.03	Prior to entering into negotiations to sell or otherwise dispose of the property, PP&D visually inspected the site to ensure that new encroachments over the City owned property have not occurred during the holding period, and has ensured that all legal encroachments over the lands or contiguous with the City's ownership are protected on sale.	No evidence was included in the Transaction documentation that a visual inspection was carried out, or that addressed whether legal encroachments are protected on sale.

8. A competitive procurement process was conducted when prescribed by the RETMF

	Criteria	Exceptions noted
8.01	A Risk & Complexity Tool in the format outlined in Appendix F of the RETMF was completed as prescribed by the criteria outlined in Appendix E of the RETMF. If required, the Risk & Complexity Tool was completed by the Real Estate Division / Property Management Branch staff responsible for the transaction and reviewed by their respective Supervisor/Superintendent/Manager. If not completed, the rationale for not utilizing the tool has been documented by the Real Estate Division / Property Management Branch staff member and approved by their respective Supervisor/Superintendent/Manager.	A Risk & Complexity Tool was included in the file, however the preparer and reviewer were not documented.
8.02	Engagement of Materials Management and the utilization of a Competitive Bid Process was undertaken in accordance with the directives in Appendix E of the RETMF. In cases where Materials Management or a Competitive Bid Process was not undertaken as required or suggested within the appendix, the supporting rationale have been documented and agreed between PP&D and Materials Management.	As at the date of our review, file documentation did not include evidence of the engagement of Materials Management and the utilization of a Competitive Bid Process as prescribed by Appendix E of the RETMF.

9. All land transactions and the negotiated terms have undergone a legal review prior to being presented to the CAO or Council, as appropriate, for approval

	Criteria	Exceptions noted
9.01	Prior to being presented to the CAO or Council (as appropriate) for approval, the City Legal Department has completed a formal review of all agreements, contracts, and proposed modifications to legal documentation pertaining to the transaction and provided final confirmation and approval. This review has included ensuring compliance of the agreements with the applicable by-laws and Policies.	Evidence of review and/or final confirmation and approval of the proposed transaction documentation by Legal Services was not included in the file.

12. Unsolicited offers for the purchase of City owned property have been pursued only when the conditions established by Council have been met

	Criteria	Exceptions noted
12.01	Any unsolicited offer for the purchase of City-owned property is pursued only when one or more of the four conditions outlined by Council (as defined in the Council minutes of December 6, 2006 - *Offers to purchase City-owned property policy*) have been met.	File documentation does not contain evidence that any of the conditions outlined within the *Offers to purchase City-owned property* policy have been met. The authors of the Administrative Report have recommended that the requirements of the above identified policy are waived in the instance of this Transaction (Recommendation #9F).

13. Any offer for the purchase of City-owned property was only acted on by PP&D if it was provided in the form of a formal written offer

	Criteria	Exceptions noted
13.01	Any offer for the purchase of City-owned property was only acted on by PP&D if it was provided in the form of a formal written offer.	Initial interest in the Transaction was not communicated to the City in the form of a formal written offer.

17. Other policies related to the general process for the sale of land have been adhered to

	Criteria	Exception noted
17.01	Within 30 days of being declared surplus by Council, the property has been posted on the City of Winnipeg website.	File documentation indicates that 346 Pacific Avenue was declared surplus on June 23, 2010 and 311 Ross Avenue was acquired through a tax sale and subsequently declared surplus on November 2, 2017. We did not observe evidence included in the file that either property was posted on the City of Winnipeg website with 30 days of being declared surplus.

20. The transaction has been included in the Tracking Database

	Criteria	Exception noted
20.01	The transaction has been included in the Tracking Database in accordance with Appendix L of the RETMF.	There was no documentation provided to indicate that the Transaction has been included in the Tracking Database, as required by Appendix L of the RETMF.

B. Criteria not subjected to audit

2. An appraisal of the property has been performed by a qualified individual, in an acceptable format, as needed

	City policy, directive, or by-law	Representations and rationale
2.05	Where an external appraiser was deemed to be required, a competitive bid process was undertaken or an appraiser was selected at the discretion of the Appraisal Branch from the pre-approved list of appraisers. If the external appraiser was selected from the pre-approved list of appraisers, the appraiser has been pre-approved for the type of appraisal function required (i.e. expropriation, disposition, acquisition, internal use, etc.).	As noted under Criteria 2.04 in Section A above, consideration with respect to the use of an internal or external appraiser was not included in the Transaction documentation. As a result of this exception, we could not subject Criteria 2.05 to audit.
2.06	Consideration with respect to the engagement of Materials Management in the procurement process for an external appraiser was made and documented.	As noted under Criteria 2.04 in Section A above, consideration with respect to the use of an internal or external appraiser was not included in the Transaction documentation. As a result of this exception, we could not subject Criteria 2.05 to audit.

4. Transaction approval has been granted by an appropriate individual based on the delegations of authority outlined in the Delegation of Authority - January 28, 2009 Council minutes

	City policy, directive, or by-law	Representations and rationale
4.01	Transaction approval has been granted by an appropriate individual based on the delegations of authority outlined in Delegation of Authority - January 28, 2009 Council minutes.	The Transaction has not yet been provided to Council for approval.

15. Specific policies relating to transactions involving property under the purview of the Parks & Recreation division have been observed

	City policy, directive, or by-law	Representations and rationale
15.01	Where a developer has approached the City to lease or purchase City-owned land to proceed with a major Parks and Recreation Development, PP&D proceeded with negotiations of the transaction after a formal recommendation or request was made by the Community Committee and Committee on Parks, Protection, and Culture, in accordance with Council Minutes of May 31, 1989, *Procedure for the Sale or Lease of City-Owned Property for Major Parks and Recreation Development*.	Management has indicated that the intended use for the subject properties by the transaction counterparty has not been defined at the date of review.

19. The policies pertaining to specific types of transaction of property have been adhered to

	City policy, directive, or by-law	Representations and rationale
19.03	Sales or leases of lands at less than market value to not-for-profit organizations have been completed in accordance with Council policy, October 31, 1990.	Management has represented that although the counter-party to the Transaction is a not-for-profit organization, the Transaction does not conform to the October 31, 1990 policy and PP&D does not intend to undertake the transaction through the process permitted by the abovementioned policy. Instead, Management has represented that it intends to follow the standard approval process for this Transaction.

C. Criteria not applicable to the Transaction

Objective	Criteria not applicable
1. Information reported to Council or delegate with respect to the Transaction was complete.	1.02
2. An appraisal of the property has been performed by a qualified individual, in an acceptable format, as needed.	2.02, 2.03, 2.07
6. PP&D has been authorized to commence negotiations for the acquisition or disposal of land, and completed site inspections as appropriate.	6.01, 6.02
7. An Environmental Site Assessment ("ESA") was completed as required.	7.01, 7.02, 7.03, 7.04, 7.05
8. A competitive procurement process was conducted when prescribed by the RETMF.	8.03, 8.04, 8.05
10. Alternative properties and procurement methods were considered in selecting the property.	10.01
11. Where land is to be expropriated, compliance with the Expropriation Act has been considered and verified by City Legal Services.	11.01, 11.02, 11.03, 11.04, 11.05, 11.06, 11.07, 11.08
14. Acquisitions of privately owned property containing dilapidated structures are accompanied by a program of rehabilitation, redevelopment, or improvement.	14.01, 14.02
15. Specific policies relating to transactions involving property under the purview of the Parks & Recreation division have been observed.	15.02
16. Where land declared surplus had previously been transferred by a Developer to the City, that land has first been offered back to that Developer.	16.01
17. Other policies related to the general process for the sale of land have been adhered to.	17.02
18. The policies pertaining to acquisitions and dispositions of specific types of property have been adhered to.	18.01, 18.02, 18.03, 18.04, 18.05, 18.06, 18.07, 18.08, 18.09, 18.10
19. The policies pertaining to specific types of transaction have been adhered to.	19.01, 19.02, 19.04
