Priorities for Play Space Improvements in North KildonanWard.

1) Fraser's Grover Park – remove old wooden structures (swings?) est. $30,000 to $40,000.00
2) Red Oak Park
3) Paulfield Park
4) Mildred Park
5) Michael Hrushovetz Park

These are the parks that are the worst off in North Kildonan as far as I know. Fraser's is probably the biggest eyesore and most likely to be most missed when removed, or as more parts are removed.
