REASON FOR THE REPORT:

The dedication of this property as public street requires a by-law pursuant to Section 139 of the City of Winnipeg Charter.

HISTORY:

In October of 1993, Council approved the expropriation of the lands required for the Charleswood Parkway.

In October of 2000, the Assiniboia Community Committee and the Standing Policy Committee on Public Works approved the alignment of the section of the Parkway between Roblin Boulevard and Grant Avenue.

In September of 2002, the parkway was opened to traffic.

The legal documents required to effect the opening have now been prepared. The registration of these documents in the Winnipeg Land Titles Office will dedicate the land as a public street.

DISCUSSION:

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend current procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.

The following criteria must be met before the authority given in the by-law may be exercised:

1. The proposed opening and acquisition must have been approved by the Director of Public Works.
2. The proposed opening must have been submitted to all affected City Departments and public utilities with no objections having been received.
3. Any conditions regarding engineering aspects (i.e. relocation of facilities) must have been mutually agreed to.
4. The affected property owner(s) must have agreed to the terms and conditions of the acquisition of the land required for the proposed opening.
5. The terms and conditions of any agreements concerning the proposed opening and acquisition must have been approved by the Director of the department that requested the opening and either the Standing Committee on Fiscal Issues, the Standing Committee on Property and Development, or the Director of the Planning, Property and Development Department, as is appropriate.

All of these criteria have been met.
