REASON FOR THE REPORT

Council approval is required to enter into the funding agreement for the Winnipeg Police Service Court Unit with the Government of Manitoba.

EXECUTIVE SUMMARY

The Winnipeg Police Service increased the current complement of staff in the Court Unit earlier in 2015 based upon this agreement. The additional civilian personnel improve management of case details and enhance the speed at which matters proceed through the criminal justice system.

IMPLICATIONS OF THE RECOMMENDATIONS

The agreement commenced on January 1, 2015 and will continue until terminated by either party in accordance with the agreement, with annual funding of $300,000 to be provided for each year through a fixed grant.

HISTORY

This agreement provides efficiencies to both the Winnipeg Police Service (WPS) and Government of Manitoba, as the added civilian personnel will improve management of case details and increase the speed of the process in which matters proceed through the criminal justice system.

In the negotiated agreement, the parties agree to the commitment of creating four new positions of Court Coordinator in the Winnipeg Police Service Court Unit. This was accomplished in early 2015, with the result being that the Court Unit will have a complement of not fewer than sixteen during the term of the agreement and best efforts will be made to ensure the staffing level of the Court Unit is maintained at the full complement.

The new positions will enable the Court Unit to operate on a seven-day, days and evenings schedule. The previous work cycle was a five-day, straight days schedule.

These positions were included in the 2015 Operating Budget as permanent staff which was approved by Council.

As the funding will cover the full cost for the first five years, there will be no additional budget impact for the Winnipeg Police Service. However, starting in 2019 the Service will be responsible for any salary costs, increases in excess of the grant. For instance, projecting at 2% increases, the incremental costs in 2019 is expected to be approximately $2,000 over the grant and increasing approximately $6,000 per year after that.

This is still a good economic decision for the Winnipeg Police Service as the majority of the wages will be covered by this grant.
