Land Dedication Reserve Fund Application:
Detailed Project Description

Downtown Winnipeg BIZ Placemaking Pop-Up Initiatives – March 26th, 2018

The Downtown Winnipeg BIZ is proposing to launch a pilot project of Pop-Up Initiatives over the summer of 2018 to revitalize underutilized space and generate support for future permanent implementation. Three Pop-Up Parks and a Public Toilet Strategy were developed as the result of the Downtown Winnipeg Placemaking Summit (April 2017) and the numerous public engagement sessions that followed. The Downtown community has expressed its collective need for more public space and access to washroom facilities. These Pop-Up Initiatives were developed to address the needs identified by the community and although they are temporary installations, they are a necessary step in a larger plan for permanent public spaces. Continuous evaluation and community input will allow us to measure the effectiveness of the Pop-Ups during their implementation. Any necessary design alterations will be made prior to submitting permanent proposals, ensuring successful public spaces that are well received by the community.

The amount of $38,100.00 requested from the Land Dedication Reserve Fund will be used to purchase the building materials for the site furniture at the three Pop-Up Park locations (Kennedy + Graham, Hargrave + Portage, Smith + Notre Dame) as well as the shipping container for the Public Toilet Strategy. Project budget details can be found in the attached Support Document (pages 9 and 22). The material elements of the Pop-Ups can be incorporated in the future permanent spaces and for this reason, we believe the Placemaking Initiatives to be eligible for funding from the Land Dedication Reserve Fund.

Thank you for your consideration.
