EXECUTIVE SUMMARY

The Winnipeg Building Commission is established under the Winnipeg Building By-Law No. 4555/87 (the "By-law") to provide technical advice and recommendations regarding interpretations and alternative solutions associated with the various codes enforced by the City.

Under the terms of the By-law, the nine-member Commission requires that eight of its members be replaced, or have their terms renewed, on a 3-year basis. The terms of four members of the Winnipeg Building Commission will expire on June 30, 2018. It is recommended that the terms of three of these members be renewed and one new member be appointed, each for a period of three years (until June 30, 2021).

RECOMMENDATIONS

1. That John Wells, Chris Hewitt, and Rick Marshall be reappointed as members of the Winnipeg Building Commission for a term of three years ending June 30, 2021.
2. That Mark Ager be appointed as a new member of the Winnipeg Building Commission for a term of three years ending June 30, 2021.
3. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council has authority to appoint members to the Winnipeg Building Commission.

IMPLICATIONS OF THE RECOMMENDATIONS

Members listed in Recommendation 1 and 2 will be appointed to the WBC for a term of three years ending on June 30, 2021.

HISTORY/DISCUSSION

The Winnipeg Building Commission (the "WBC") is established pursuant to *The City of Winnipeg Charter* and the Winnipeg Building By-law No. 4555/87 (the "By-law").

The purpose of the WBC has evolved since it was established. In the 1960's, it was responsible for the City's building by-law, and for the adoption of the National Building Code and associated municipal amendments. In the mid–eighties, with the adoption of the Residential Buildings Fire Safety By-law, the WBC became more important as an appeal board for orders issued to property owners under that by-law. That role largely disappeared as most buildings subject to that by-law have been upgraded.

On March 21, 2012, Council passed amendments to the By-law that expanded the authority of the WBC to include providing advice and recommendations to the Designated Employee regarding interpretations and alternative solutions associated with the Manitoba Building Code, the Manitoba Plumbing Code, the Manitoba Fire Code, and the Winnipeg Electrical By-law.

The amendments to the By-law also included adjustments to the composition of the membership categories.

The existing WBC has dealt with 12 separate applications since 2012. Although in most cases the building industry and the Winnipeg Public Service are able to resolve disagreements on matters relating to Code interpretations and alternative solutions without involving the WBC, the WBC is an important forum to present issues where the matter is not resolved satisfactorily and there is a request for an independent recommendation.

The terms of four members of the WBC will expire on June 30, 2018: John Wells, Chris Hewitt, Rick Marshall, and Doug Hanna. It is recommended that the terms of John Wells, Chris Hewitt and Rick Marshall be extended for a period of three years each. It is also recommended that Mark Ager be appointed for the same three year period, as Doug Hanna has declined a renewal.

The list of existing and recommended members is set out in Appendix A.
