5. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Funding for the grants proposed herein has been approved through the 2017 and 2018 Capital BIZ's, Image Routes and Neighbourhood Main Streets Capital Funding Program. Council approval is required to enter into grant agreements with the BIZ's for the specific allocation of Council-approved Capital Funds.

IMPLICATIONS OF THE RECOMMENDATIONS

Council approved the amounts set out in Recommendation 1 in the 2017 and 2018 BIZ's, Image Routes and Neighbourhood Main Streets Capital Fund Program.

This report proposes the use of a standard agreement that has been employed for similar grant agreements with BIZ's in the past. In addition to other standard terms and conditions contained in the grant agreement, the following provisions are proposed to protect City interests:

a) Design approval by the Director of Planning, Property and Development or designate;
b) The BIZ accepting full responsibility and liability for carrying out the work in accordance with the approved design;
c) The BIZ accepting full responsibility and liability for maintenance of the project after the work has been completed;
d) Funding to flow as invoices are submitted to the City and the termination of funding after two years have elapsed since the grant agreement was executed;
e) Termination of the grant agreement by the City upon the provision of notice to the BIZ.

The City insures the BIZ's within the City of Winnipeg. Any issues of liability for these streetscape elements are covered through the Risk Management Division of the Corporate Finance Department. Adequate coverage is in place for replacement value if damages occur by a third party.

HISTORY/DISCUSSION

The City of Winnipeg Charter provides authority for City Council to create BIZ's by by-law.

BIZ's are governed by a set of procedures and required processes, which are laid out within the Business Improvement Zone Procedures By-Law No. 8111/2002. This By-Law specifies the objects of a BIZ Board as follows:

> *5(2) The objects of a board are*
>
> *(a)* ***to beautify, improve and maintain real property of the City in the zone*** *subject to the authorization by Council, and*
>
> *(b) to promote improvements and economic development in the zone.*

They are funded by a self-imposed BIZ Levy collected through the City of Winnipeg Business Tax process. BIZ's include the proposed rate of BIZ levy as part of their annual BIZ budget submissions to Council for consideration and approval and are eligible to apply for other grants, complementary funding and sponsorships to deliver their programs and capital Streetscaping Projects.

The BIZ's identified in this report have confirmed that they are ready to begin carrying out their Streetscape Enhancement Projects. This report recommends approval for the City to enter into grant agreement with the BIZ's listed herein for capital Streetscaping Projects approved by Council under the 2017 and 2018 Capital Budget.

Additional Comments: Capital expenditures consist of the $410,000 in grants to the BIZ's noted in the report + short-term financing charges & corporate admin fees of $13,326. The latter amount is offset by an equal recovery in the current budget of the Corporate Finance Department. For the purposes of this analysis, it has been assumed that grant funding will flow equally over 2018 and 2019. **No additional budget is required.**
