REPORT SUMMARY:

Key Issues:

- Through integrated planning and negotiations it was recognized that the most efficient use of the lands would see the Lord Selkirk Park play structure straddle the property line between City lands and the adjacent lands of the Winnipeg School Division.

- The Winnipeg School Division is the owner of the lands and facility known as David Livingstone School adjacent to Lord Selkirk Park.
- The Turtle Island Neighbourhood Centre, Volunteer Board desires an involvement in the long term care of the playground facilities.
- Playground project 2000 has resulted in considerable improvements to the shared site valued at $325,800.00; the City's portion was $270,000.00.
- By letter dated February 14, 2003 the Winnipeg School Division has advised that they concur with the proposed terms and conditions.

REASON FOR THE REPORT:

Joint Use Agreements require approval by Council.

HISTORY:

The School Division and the City of Winnipeg share the subject property identified in Appendix A. The properties have been maintained separately, with the Winnipeg School Division maintaining the school property and the City of Winnipeg maintaining the property of Lord Selkirk Park. These jurisdictions were clearly defined and have worked reasonably well. The addition of the playground structure, which straddles the property line, necessitates the creation of a Joint Use Agreement.

From 1999 to 2000, the Parent Council developed plans and were actively involved in developing a funding base for the development of the play area at David Livingstone School and Lord Selkirk Park adjacent to Turtle Island Neighbourhood Centre. Playground Project 2000 resulted in considerable improvements to the shared site. This project raises the Community's awareness of Neighbourhood safety, health and community well being as identified in the Lord Selkirk Neighbourhood Revitalization Strategy.

At a meeting held on June 10, 2003 the Lord Selkirk-West Kildonan Community Committee advised of its concurrence with the draft terms of the Joint Use Agreement to be entered into between the City of Winnipeg and the Winnipeg School Division at the David Livingstone School & Lord Selkirk Park/Turtle Island site.

DISCUSSION:

Through the planning discussions and negotiations surrounding this project, it was recognized that the most efficient and effective use of the lands would see the play structure straddle the property line. This would require an Agreement for sharing the property. This requirement opened the door for discussions on possible improvements in the maintenance patterns for the site.

This partnership will enhance the site and have a positive impact on the community. There is no additional cost to either party to meet the obligations of this proposed Joint Use Agreement. Representatives of the School Division and the Public Works Department have agreed to a division of responsibilities as outlined in the proposed terms and conditions. By letter dated February 14, 2003 the Winnipeg School Division has advised that they concur with the proposed terms. They have also requested that the City administration proceed with the necessary approvals and forward a draft joint use agreement for their review and approval.
