Agenda – Council – September 20, 2018

Report – Executive Policy Committee – September 12, 2018

Item No. 5 2017 Single Source Assignments for Consultants, Goods and Services

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On September 12, 2018, the Executive Policy Committee concurred in the recommendation of the Winnipeg Public Service, as amended, and submitted the following to Council:

1. That the 2017 Single Source Assignments for Consultants, Goods and Services, including Appendices A to G, be received as information.

2. That commencing with the 2018 annual report on single source assignments, the Winnipeg Public Service provide a chart that lists the total amount of contracts awards per vendor and the total value of those contracts.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report – Executive Policy Committee – September 12, 2018

DECISION MAKING HISTORY:

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On September 12, 2018, the Executive Policy Committee concurred in the recommendation of the Winnipeg Public Service, with the following amendment:

- That the following new recommendation be added:

    "1. That commencing with the 2018 annual report on single source assignments, the Winnipeg Public Service provide a chart that lists the total amount of contracts awards per vendor and the total value of those contracts."

and submitted the matter to Council.

ADMINISTRATIVE REPORT

Title: **2017 SINGLE SOURCE ASSIGNMENTS FOR CONSULTANTS, GOODS AND SERVICES**

Critical Path: **EXECUTIVE POLICY COMMITTEE - COUNCIL**

AUTHORIZATION

Author	Department Head	CFO	CAO
B. D'Avignon	M. Ruta	M. Ruta	D. McNeil

EXECUTIVE SUMMARY

The Chief Administrative Officer is required to report annually to Council on:

- Single source assignment of consultant services, included as Appendices A - D
- Single source assignments for goods and services exceeding $100,000 (not including consultants), included as Appendices E - G

The format of the 2017 report has been revised from subsequent years and now only includes single source consultant assignments with *Other than Capital* and *Capital* being reported separately as Appendices C & D, with the description of revisions included as Table 1 in the history section.

Appendices C & D track on-going payments until the contract is complete, providing comprehensive and transparent reporting of expenditures.

The revisions provide information that may assist Council's decision making process. Information that is publicly available on the City's Materials Management website is no longer included in this Report.

Consultant services are either posted to the City's Materials Management website as a Request for Proposal or they are disclosed on this single source Consultant report.

Reporting is based on payments made during the period of January 1, 2017 to December 31, 2017.

RECOMMENDATIONS

That this Report, including Appendices A to G, be received as information.

REASON FOR THE REPORT

On March 24, 2004, Council adopted Item 1 of the Report of Executive Policy Committee, dated March 10, 2004, delegating to the Chief Administrative Officer certain authorities from the Materials Management Policy. Under Administrative Standard FM-002, issued pursuant to the Materials Management Policy, the Chief Administrative Officer is required to report annually to Council on the assignment of consultants.

In March 2016, the Public Service was requested to report on the use of single source authority, exceeding $100,000, on an annual basis. Various trade agreements set the threshold for goods and services requiring public solicitation at $100,000.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no implications of the recommendation as the report is to be received as information.

HISTORY/DISCUSSION

CONSULTANT ASSIGNMENTS

Table 1 – Revisions to 2017 Report

Appendix	Previous Reports	Revision to 2017	Reason for Revision
A & B		No change	
C	Included all *other than Capital* single source and competitively bid Consultant assignments, stating information already on the City's Materials Mgmt website.	Includes **only** single source *other than Capital* assignments.	Competitively bid consultant contracts are publically available on the City's Materials Management website which includes the contract value. An example of previous duplicate information is the City's External Audit contract. The contract was repeated yearly by several departments throughout the Report.
D	Included all *Capital* and all *other than Capital* Consultant single source assignments for the previous year only. No follow-up on contract status.	Includes **only** single source *Capital* assignments. The revised format details the contract expenditures from the date of award to its completion.	Single Source *Capital* consultant assignments will be more transparent. Previously, *Capital* assignments were only reported once with no follow-up on contract expenditures. E.g. single source (*Capital*) assignment to Dillon Consulting approved by Council in 2016 in the amount not to exceed $12.3 million will now be included until completion.

E, F, G		No change	

As a result of the revisions, Consultant services are either posted to the City's Materials Management website as a Request for Proposal or they are disclosed on the single source Consultant report.

Executive Policy Committee recommends, where the Chief Administrative Officer approves a single source assignment, pursuant to B4.1 (j) (emergency), which exceeds the dollar amount set out by Executive Policy Committee effective January 1, 2011, such approvals be reported at least annually.

The following Appendices contain information obtained from each department relating to Consultant services for the period of January 1 to December 31, 2017.

- Appendix A - Summary of all single source consultant assignments listed in Appendix C & D, summarized by Type of Service and Total Payment for **all departments**.
- Appendix B - Summary of all single source consultant assignments listed in Appendix C & D, summarized by Type of Service and Total Payment for **each department**.
- Appendix C - Details of all "other than Capital" assignments awarded as a single source.
- Appendix D - Details of all "Capital" contracts awarded as a single source.

The Report includes an explanation for any single source exceeding the limits set out by Executive Policy Committee effective January 1, 2011.

The Report includes all Public Service Departments.

The Mayor and Council assignments are reported in the annual Councillors' Representation Allowance Fund audit.

Consultant services are services provided directly to the City of Winnipeg (City), as defined in Administrative Standard FM-002.

All over-expenditures on single source Consultant assignments exceeding the above amounts are approved by the Chief Financial Officer.

In no case are over-expenditures approved without funds being available in an approved budget.

SINGLE SOURCE ASSIGNMENTS *(not including Consultant Services)*

In March 2016, the Public Service was requested to provide Executive Policy Committee (EPC) with a report on the use of single source authority, on an annual basis.

Appendices E, F, and G include all single source approvals exceeding $100,000 but do not include consultant assignments.

The City is subject to various trade agreements that set thresholds for goods and services requiring public solicitation at:

- $100,000 for goods and services (not including construction)
- $250,000 for construction

Single source is allowed for certain reasons.

Reporting is based on an award of contract made during the period of January 1, 2017 to December 31, 2017.

The Report is prepared as an addition to the annual Report on Consultant Assignments.

The Report contains single source procurements approved by:

- Council
- Executive Policy Committee
- Public Service

Council, EPC and the Public Service have certain authorities for approving single source transactions under very strict guidelines. The guidelines are included in B4 of the City's Materials Management Policy (Policy) and apply to all procurement under the Policy.

The following Appendices contain information on the use of single source authority for the period of January 1 to December 31, 2017.

- Appendix E - Summary of Single Source Approvals.
- Appendix F - Approved By Public Service.
- Appendix G - Approved by EPC

FINANCIAL IMPACT

Financial Impact Statement **Date:** June 4, 2018

Project Name:

2017 SINGLE SOURCE ASSIGNMENTS FOR CONSULTANTS, GOODS AND SERVICES

COMMENTS:

There is no financial impact as this report is for information only.
