EXECUTIVE SUMMARY

On January 25, 2018, Council approved a motion directing the City Auditor conduct an audit of the Sterling Lyon / William Clement Parkway project. As part of that project, interviews were conducted with City staff, ex-City staff, consultants and citizens. At the time of report issuance one ex-City staff had declined to be interviewed and the City Auditor had to invoke the powers granted under the *Evidence Act*. The interview has now been conducted.

No new information was brought to the attention of the City Auditor that would require any changes to the observations, conclusions or recommendations in the previously submitted audit report. Specifically, there was no new evidence to suggest that either the area Councillor or the CAO had knowledge of the refinements to Conceptual Option 2: Sterling Lyon Parkway North Alignment prior to that route being disclosed to the public through the posting of the Environment Act Proposal.

The interview also allows for the updating of a table in Section 2.3 on page 24 of the previously submitted audit report. The only update to the table is identified in the row below.

Year	Date	Event	Comments
2016	May 13	Value Engineering Meetings result in refinements to Conceptual Option 2 – Sterling Lyon North.	Area Councillor - No conclusive evidence of being informed Chief Administrative Officer - No conclusive evidence of being informed Previous Public Works Director – Not informed on outcomes of meetings, authority resided with project team.

RECOMMENDATION
