Report – Executive Policy Committee – December 5, 2018

DECISION MAKING HISTORY:

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On December 5, 2018, the Executive Policy Committee passed the following motion:

WHEREAS access to affordable public transportation is good for Winnipeggers;

AND WHEREAS Council has kept Winnipeg Transit fares amongst the lowest in the country despite ongoing budgetary challenges;

AND WHEREAS last year, based on information provided at the time, Council made the difficult decision to raise fares by 25 cents to cover a projected revenue shortfall faced by Winnipeg Transit;

AND WHEREAS, according to the Financial Status Report and Forecast to September 30, 2018, Winnipeg Transit is projecting an operating surplus of $7.9 million for the 2018 fiscal year, which may be used to mitigate cost pressures faced by Winnipeg Transit in 2019;

AND WHEREAS this operating surplus is partly due to ridership stabilizing in 2018 compared to 2017;

AND WHEREAS Winnipeg Transit fares have customarily increased by at least 5 cents annually to cover inflationary increases incurred by Winnipeg Transit;

AND WHEREAS, according to Section 3(1) and Section 3(1)(a) of the Fees and Charges By-law, the Chief Financial Officer is authorized to increase annually any fee imposed by the City of Winnipeg by an amount equal to or less than the rate of inflation unless a Council resolution specifically states otherwise;

THEREFORE BE IT RESOLVED that Council direct the Chief Financial Officer to freeze Winnipeg Transit fares at 2018 levels starting January 1, 2019 for a period of one calendar year and include this fare freeze in the 2019 Budget process.
