Agenda – Executive Policy Committee – January 22, 2019

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – January 7, 2019

Item No. 2 Expropriation Settlement – CentrePort Canada Way Expropriation

STANDING COMMITTEE RECOMMENDATION:

On January 7, 2019, the Standing Policy Committee on Property and Development, Heritage and Downtown Development concurred in the recommendation of the Winnipeg Public Service and submitted the following to Council:

1. That the proposed expropriation settlement made by the Province of Manitoba to the City of Winnipeg for the CentrePort Canada Way expropriation, be approved at a negotiated price of $1,793,902.40 (excluding interest) plus applicable taxes.

2. That the City enter into, execute and deliver an Agreement of Purchase and Sale and Conditional Release with the Province of Manitoba, and such other agreements as determined necessary by the City Solicitor / Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

3. That authority be delegated to the Chief Administrative Officer to negotiate and approve the terms and conditions of the Agreement of Purchase and Sale and Conditional Release, and the Ancillary Agreements**,** in accordance with this report and such other terms and conditions deemed necessary by the City Solicitor / Director of Legal Services to protect the interests of the City.

4. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Agenda – Executive Policy Committee – January 22, 2019

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – January 7, 2019

DECISION MAKING HISTORY:

STANDING COMMITTEE RECOMMENDATION:

On January 7, 2019, the Standing Policy Committee on Property and Development, Heritage and Downtown Development concurred in the recommendation of the Winnipeg Public Service and submitted the matter to the Executive Policy Committee and Council.

ADMINISTRATIVE REPORT

Title: Expropriation Settlement – CentrePort Canada Way Expropriation

Critical Path: Standing Policy Committee on Property and Development, Heritage and Downtown Development – Executive Policy Committee – Council

AUTHORIZATION

Author	Department Head	CFO	CAO
M. Pittet	J. Kiernan	B. D'Avignon, Acting for M. Ruta	D. McNeil

EXECUTIVE SUMMARY

In 2010, the Province of Manitoba (the "Province") expropriated 41.4 acres of City-owned land near Summit Road in order to construct CentrePort Canada Way (the "Project"). At the time of the expropriation, the City's holding consisted of the Summit Road Landfill, Optimist Park and various other unused City land.

Of the 41.4 acres expropriated, 11.0 acres was located within the boundaries of Optimist Park (the "Park"). The Park was significantly impacted by the expropriation as a football field, baseball diamond, soccer field, playground, parking lot and various other items were no longer available for use. The remaining 30.4 acres of City land was minimally impacted.

After several years of negotiations, the Province has provided the City with a final settlement offer of $1,793,902.40, as well as proposing to transfer back 9.17 acres of land to the City. The proposed settlement includes a payment for the market value of the City land and compensation for impacts to the Park.

Public Works has been consulted and supports the proposed settlement.

RECOMMENDATIONS

1. That the proposed expropriation settlement made by the Province of Manitoba to the City of Winnipeg for the CentrePort Canada Way expropriation, be approved at a negotiated price of $1,793,902.40 (excluding interest) plus applicable taxes.

2. That the City enter into, execute and deliver an Agreement of Purchase and Sale and Conditional Release with the Province of Manitoba, and such other agreements as determined necessary by the City Solicitor / Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").

3. That authority be delegated to the Chief Administrative Officer to negotiate and approve the terms and conditions of the Agreement of Purchase and Sale and Conditional Release, and the Ancillary Agreements**,** in accordance with this report and such other

terms and conditions deemed necessary by the City Solicitor / Director of Legal Services to protect the interests of the City.

4. That the proper officers of the City be authorized to do all things necessary to complete the intent of the foregoing.

REASON FOR THE REPORT

Council approval is required for settlement of claims arising out of expropriations (excluding interest and legal and appraisal fees) exceeding $250,000.00.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no regulatory, environmental, human resources or other implications associated with this report.

The expropriation is considered to be an involuntary sale of land used for park purposes. Section 205(2) of The City of Winnipeg Charter states “no land owned by the City and used for park or cemetery purposes on the day this Act came into force or acquired after that date by the city for park or cemetery purposes may be disposed of without approval by a vote of 2/3 of all members of Council”. However, section 2(2) of The Expropriation Act (the “Act”) states: “Where there is a conflict between a provision of this Act and a provision of any other general or special Act, the provision of this Act prevails.” Therefore, the requirement of 2/3 Council approval to dispose of land used for park purposes is not required.

Further, the City property was not declared surplus to the City’s needs or circulated to civic departments. The expropriation represents an involuntary sale but includes a mutually agreed upon settlement. The Province has also agreed to transfer back 9.17 acres of expropriated land to the City.

The total settlement equals $1,793,902.40 plus applicable taxes, however the Province has already made an advance payment of $45,540.00 and is proposing to transfer back 9.17 acres of land to the City that has a value of $201,740.00. After deductions, the balance owing is $1,546,622.40 of which $635,360.00 will be deposited into the Land Operating Reserve (30.4 acres of the 41.4 acres expropriated is not considered to be parkland). The remaining balance of $911,262.40 will be held in a separate account and, subject to Council approval of recommendations to be included in a separate report, will be utilized for the restoration of Optimist Park.

HISTORY/DISCUSSION

On January 13, 2010, the signing officer for the Minister of Infrastructure and Transportation of the Province of Manitoba executed the Declaration of Expropriation for the land required for the construction of CentrePort Canada Way. The expropriation was confirmed on February 12, 2010 and possession by the Province was obtained on April 7, 2010. The City of Winnipeg was one of several land owners in the area that were affected by the Project.

The City of Winnipeg owns a total of 440 acres adjacent to CentrePort Canada Way, 41.4 acres of which were expropriated by the Province (identified as “Public Road Plan 49690 WLTO” on

Misc. Plan 14910/1, attached as Schedule A). At the time, the City's holding consisted of the Summit Road Landfill, Optimist Park and various other unused City land.

Of the 41.4 acres expropriated, 11.0 acres was located within the boundaries of Optimist Park (the "Park"). The Park was significantly impacted by the expropriation as a football field, baseball diamond, soccer field, playground, parking lot and various other items were no longer available for use. The remaining 30.4 acres of City land was minimally impacted.

After several years of negotiations, the City and the Province were able to reach a mutual agreement for settlement purposes. Details of the settlement are as follows:

- The market value of the City's land was established through a recent Land Value Appraisal Commission award, where another affected owner received $22,000 per acre. The Province has agreed to pay the City $22,000 per acre for 41.4 acres (less the advance payment of $45,540).

- For items permanently removed from the Park, the Province agreed to provide the City with compensation that will allow the playground, parking lot, and other amenities to be reconstructed.

- The disruption to the baseball diamond and football field was resolved by transferring back approximately 2.43 acres to the City (at the same market value rate of $22,000 per acre). The 2.43 acre site is identified as "Subject Property" in Schedule B.

- The soccer field was the most significantly impacted item and the Province agreed to transfer back approximately 6.74 acres to the City (at the same rate of $22,000 per acre) and provide compensation for the reconstruction of the soccer field (grading, sodding, etc.). The 6.74 acre site is identified as "Subject Property" in Schedule C.

Subject to the settlement being approved by Council, the City will enter into an Agreement of Purchase and Sale and Conditional Release with the Province. Once fully executed, and subject to Treasury Board approval, the Province will provide the outstanding balance of compensation owed to the City.

Public Works has been consulted and supports the proposed settlement.

It is noted that the transaction will not be compliant with certain elements of the Real Estate Transaction Management Framework (the "Framework"). The Province expropriating from the City is a very rare occurrence, and the Framework wasn't developed with this in mind.
