SITE DESCRIPTION

- The subject site is located on the north side of Notre Dame Avenue, in the Pacific Industrial Neighbourhood and the Point Douglas ward.
- Under *OurWinnipeg* and *Complete Communities,* the site falls within the Transformative Areas>Centres and Corridors policy area.
- The subject site is currently comprised of three lots as follows:
    - 1065 Notre Dame Avenue, which is 4,320 square feet in lot area and 43.50 feet wide by 100 feet deep, and zoned “C2” Commercial-Community district;
    - 1069 Notre Dame Avenue, which is 4,370 square feet in lot area and 44 feet wide by 100 feet deep, and zoned “C2” Commercial-Community district; and
    - 1090 Winnipeg Avenue, which is 4,377 square feet in lot area and 44 feet wide by 100 feet deep, and zoned “M2” Manufacturing General district.
- The total site area, including all three lots, is 13,067 square feet (0.20 acres).
- Currently on the land is a one-storey retail store (Manufacturers Carpet and Vinyl Outlet Ltd.) that encompasses all three (3) lots.

SITE CONTEX SURROUNDING LAND USE AND ZONING (See Figure 2)

North: Winnipeg Avenue; then warehouse uses (Winnipeg Harvest building) zoned “M2” Manufacturing-General district.

South: Notre Dame Avenue; then multi-family residential uses zoned “C1” Commercial-Neighbourhood district.

East: A vehicle service related commercial business (car wash) zoned “C2” Commercial-Community district.

West: Manufacturing use (custom metal fabricator) on land partly zoned “C2” Commercial-Community and partly zoned “M2” Manufacturing-General district.

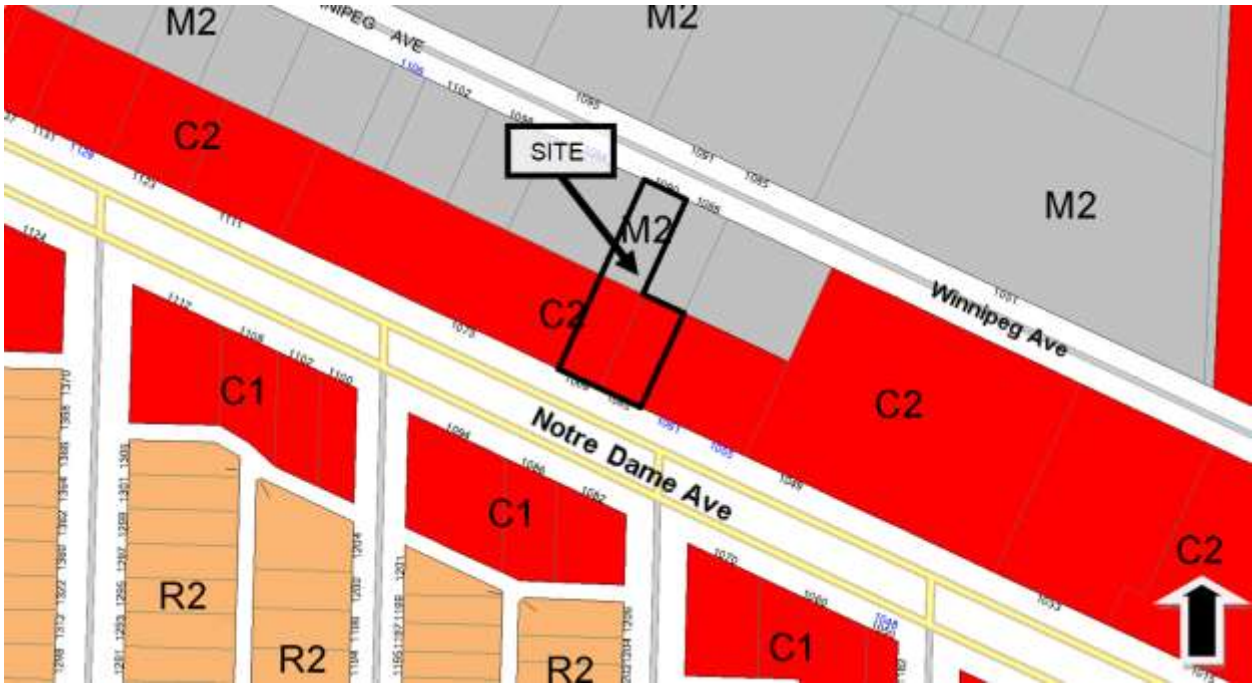

Figure 2: Existing zoning of the subject site and surrounding area.

DESCRIPTION OF THE PROPOSED SUBDIVISION AND REZONING

- The applicant has submitted a proposed plan of subdivision and rezoning that would consolidate three (3) lots into one (1) new lot and rezone the subject site to be entirely zoned “C2” Commercial-Community district.
- City of Winnipeg records show that the retail business currently on the land (Manufacturers Carpet and Vinyl Outlet Ltd.) occupied the building on the subject lands without obtaining an occupancy permit. The Development and Inspections Division notified the business owner in June, 2018. The owner is required to obtain the required permits for the Occupancy and make arrangements for inspection of the work to determine code compliance, or vacate the building. The owner has decided to obtain the requisite permits to allow the business to continue operations; however given that a retail store is not a permitted use in the “M2” Manufacturing-General district, a rezoning to “C2” Commercial-Community district is required.
- The proposed development is the maintenance of an existing commercial facility on the subject lands.

ANALYSIS AND ISSUES

OURWINNIPEG AND COMPLETE COMMUNITIES DIRECTION STRATEGY

- *OurWinnipeg* is the City's development plan and *Complete Communities* is a "Direction Strategy" of *OurWinnipeg* that provides additional directions and policies on land use and development in the city.
- The site is in the "Transformative Areas – Centres and Corridors" policy area of *OurWinnipeg* and *Complete Communities*. With respect to the subject proposal, the following policies are noted:
    - *Support active uses (such as retail and services) at street level.*
    - *Focus a broad mix of residential, employment and retail development within strategic locations along corridors.*
    - *Promote a quality public realm with a high level of accessibility to community services and amenities and opportunities for gathering and social interaction.*
    - *Encourage intensification to occur at centres and along corridors.*
    - *Support a mix of commercial services and employment uses that serve the local community.*
    - *Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complimentary to the existing scale, character and built form.*

CITY OF WINNIPEG ZONING BY-LAW 200/2006

- **Commercial Community (C2) district:** is intended to accommodate more intensive commercial sites that do not have a local or neighbourhood orientation. The district is intended to include attractive commercial, institutional, recreational, limited residential and service facilities needed to support the surrounding neighbourhoods and the broader community. C2 districts are generally located in Community or Regional mixed use centres or along Community or Regional mixed use corridors.

Dimensional Standards						
Zoning District	**Minimum/Maximum Front Yard (Ft.)**	**Minimum Rear Yard (Ft.)**	**Minimum Interior Side Yard (Ft.)**	**Minimum Corner Side Yard (Ft.)**	**Maximum Height of Building (Ft.)**	**Maximum Floor Area Ratio**
C2	0/NA	25 (note b)	0 (note b)	0	49	3.0
Note B:	Where a side or rear lot line in a commercial or institutional zoning district abuts a side or rear lot line of an R1 or R2 zoning district, a yard of 10 feet must be provided along the side or rear lot line in the commercial or institutional zoning district. The 10 foot side yard must be landscaped pursuant to sections 188 through 193, Landscaping and Buffering, and must not be used for parking or loading areas, storage of refuse or materials, or commercial activities of any kind.					

SUBDIVISION AND REZONING ANALYSIS

- The applicant is proposing the subject subdivision and rezoning with the intent of establishing consistent 'C2' zoning that would allow the existing business on-site to continue operations. The Urban Planning Division is supportive of the proposed subdivision and rezoning.

Consistency with OurWinnipeg and Complete Communities

- The subject proposal is generally consistent with the *Complete Communities Direction Strategy* because:
    - it would allow the property to be used as a retail sales type use, which is a typical land use in the area in which the site is located;
    - no new buildings are proposed, thus the existing scale, character and built form of the site would not change; and
    - the subject development is located on an existing mixed-use corridor (Notre Dame Avenue).
- Therefore, the proposed plan of subdivision and rezoning comply with the aforementioned policies of *OurWinnipeg* and *Complete Communities*.

Compatibility with the Surrounding Neighbourhood

- Given that the proposal would allow for the maintenance of a commercial property that contributes to the mix of retail amenities in the area, the subject proposal would be compatible with the surrounding neighbourhood. In addition, there are numerous properties with "C2" zoning adjacent to the subject property.

RECOMMENDED ZONING AGREEMENT

Plan Approval

- The Urban Planning Division is recommending that final plans be submitted to the Director of Planning, Property and Development and Lord Selkirk - West Kildonan Community Committee for review prior to the issuance of a development permit on the site. The inclusion of this clause will allow the Urban Planning Division and the Lord Selkirk - West Kildonan Community Committee to review final plans for any future developments on the land.

REASONS FOR THE RECOMMENDATIONS

The Urban Planning Division recommends approval because the proposed plan of subdivision and rezoning are consistent with *OurWinnipeg* and *Complete Communities*, and compatible with the surrounding area.
