Animal Services Special Operating Agency

2019 – 2021 Business Plan

Service Overview:

Animal Services continues to provide animal control measures under the City of Winnipeg Charter and Responsible Pet Ownership Bylaw (RPO). The Agency's current service consists of four areas:

Sub-Service	Description
Licensing	o Pet licensing o Excess animal permits
Adoption/Education	o Adoption of unclaimed dogs o Public education programs on responsible pet ownership
Kenneling	o Kenneling and care for stray animals running-at-large picked up by the Agency and the public. o Quarantine kenneling for biting dogs
By-Law Enforcement	o Enforcement of the RPO By-law o Neighborhood dispute resolution o Investigation and response o After hours emergency response o Investigation of illegal animal complaints

The Agency works in partnership with the veterinarian community, the Winnipeg Humane Society (WHS), and other stakeholders to ensure the human and animal populations of the City of Winnipeg can co-exist in harmony.

Strategic Direction:

Animal Services remains committed to its goals and strategies, core business operation, and financial stability. These strategies relate to:

- A strengthened commitment to public and animal health and safety through increased public awareness and increased pet ownership education and outreach;
- An improved public image.
- Agency sustainability through adequate funding via pet licensing revenues and mill rate support.

Goals and Strategies:

Maintain the enforcement of the Responsible Pet Ownership Bylaw and continue to educate pet owners regarding their responsibilities, including pet licensing.

- Maintain "Zero Tolerance" pet licensing policy coupled with value added educational messaging.
    - Zero tolerance means that if you are a pet owner and your pet is not currently licensed, you will be immediately subject to a $250 fine.
    - Over 48,000 dogs and 26,000 cats are now licensed in Winnipeg. Included in these totals are approximately 6,000 complimentary one year licenses, which were issued through adoptions and low-income spay/neuter programs.
    - An educational newsletter is mailed out annually to licensed pet owners. The newsletter is designed as an educational tool to communicate the value of licensing along with the good things being accomplished with licensing dollars.

    - Advertising and media collaboration will continue to be used to educate the public about the zero tolerance policy and the value and importance of pet licensing.
    - License revenues help protect one's pet while supporting the essential service of animal control.
    - Licensing enforcement will continue with the Agency's complement of Animal Services Officers.
- Continue e-commerce capabilities on Winnipeg.ca:
    - Online pet licensing.
    - Online donations to support animals in the Agency's adoption program.
- Provide ongoing opportunities for public education regarding the RPO.
- Target Parks and Off-Leash areas with both educational and pet license messaging.

Increase customer service and satisfaction through improvement in front-line service delivery.

- Actively engage the community through seven day a week facility business hours.

- Review the Agency's technological needs and upgrade as necessary.
- Next generation Toughbooks used for real-time incident management via 311.
- Support ongoing staff training and development.
- Innovate and green operations including the development of paperless license invoices.

Improve health and safety of neighborhoods.

- Provide active response to community incidents involving animals and people.
- Respond to dog attacks against people and animals.

Financial Information:

Pro forma financial statements with 2019 to 2021 Projections are attached. These include a Projected Statement of Financial Position, Projected Statement of Operations and Accumulated Deficit, Projected Statement of Cash Flows and a Projected Statement of Net Financial Liabilities.

2017 Audited Financial Statements are attached for reference (Appendix B).
Tax-supported funding for the Agency is reflected as a Mill Rate Support Transfer to Animal Services in the Community Services Department budget.

Table 1 outlines the Agency's growing reliance on license and other service revenues. Operational expenditures ($3,814,499), excluding the grant to the WHS ($652,273), are projected to be $3,162,226 in 2019. The Agency is currently provided less operational mill rate support than funding to the WHS. Operational mill rate support for 2019 is projected to be $118,946 (gross mill rate support $771,219 less WHS grant $652,273). The proposed funding for 2019 will only cover 3.1% of the Agencies costs leaving $3,043,280 to be covered by license and other service revenues. As a result, the Agency has to place significant reliance on license revenues and donations in order for the Animal Services agency to successfully operate.

REVENUE:

Mill Rate Support

- The direct mill rate support to Animal Services operational expenses in 2019 is projected to be $118,946 after $652,273 of the gross mill rate support ($771,219) is transferred to the Winnipeg Humane Society.
- Animal Services receives the lowest amount of mill rate support when compared to major governmental animal agencies in other Canadian jurisdictions (see Appendix "D").
- In 2017, the City entered into a two year service agreement with the Winnipeg Humane Society primarily for the care and kennelling of stray cats. The Winnipeg Humane Society receives $652,273 in funding paid through Animal Services;

Revenue (Non-Mill Rate Sources)

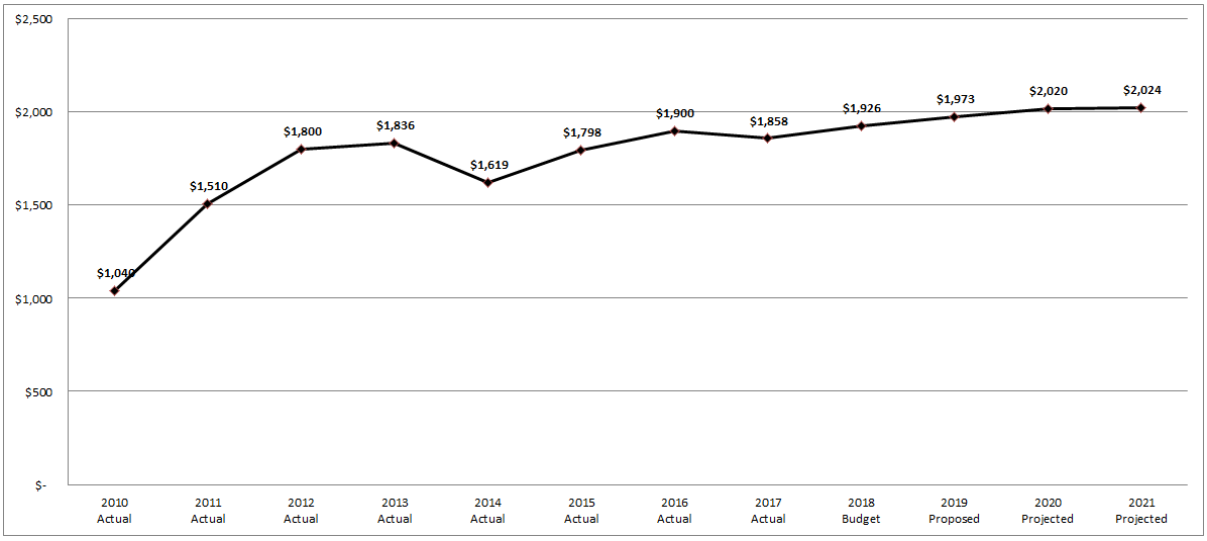

The Agency receives revenue from a number of sources including, pet licenses, adoption/kennel fees, and donations.

Dog Licensing

Annual inflationary increases of 1.6% are projected for 2019, 2% for 2020, and 0% in 2021 for dog license fees.

Table 2 outlines dog license revenues, recognized and recorded on an accrual basis for 2010 – 2017 with projected revenues for 2019 through 2021. Future year's revenues are based on 47,000 licenses being sold of which 92% are expected to be for sterilized dogs.

TABLE 2: Dog License Projected Revenue ($000)

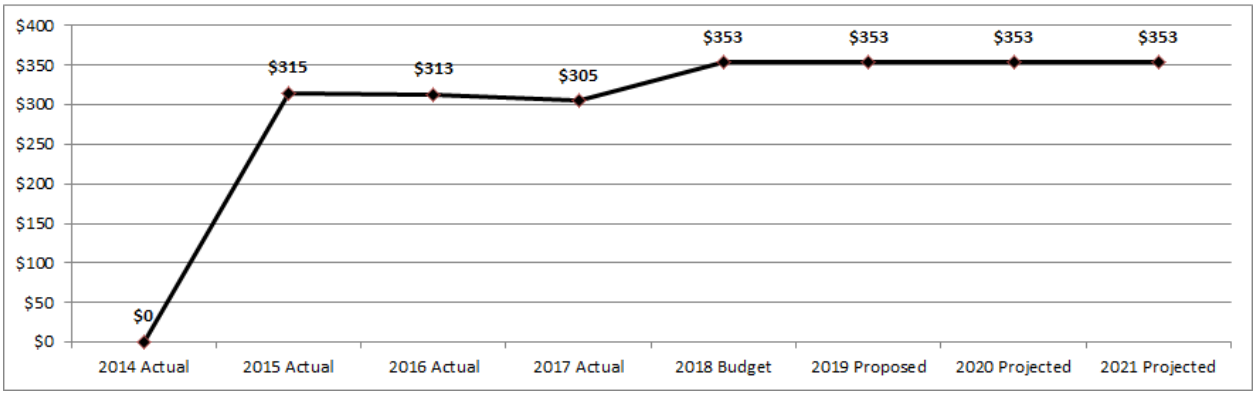

Since license purchases and renewals occur throughout the year, there is unearned revenue on hand at year-end that is deferred to future years. Deferred revenue from previous years is recognized in income throughout the year.

Cat Licensing

Council approved the implementation of cat licensing effective January 1, 2015. The annual cat license fees are $15.00 for sterilized cats and $50.00 for intact cats. License Fees are proposed to remain at these levels for 2019. Half of cat licenses fees are set aside for low cost cat spay/neuter programming for low income residents.

Table 3 outlines projected revenues for 2019 through 2021. Future year's revenues are based on 23,000 licenses being sold of which 99% are expected to be for sterilized cats.

TABLE 3: Cat License Projected Revenue ($000)

Other Regulation Fees

- Other regulation fees are proposed to increase by the rate of inflation in all budget years, as provided by the City's Fees and Charges Policy.

2. SIGNIFICANT ACCOUNTING POLICIES

The projected financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards. The projections include the following significant accounting policies:

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenue in the period which it is earned provided it is measurable and collection reasonably certain. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the creation of a legal obligation to pay.

Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the changes in net financial liabilities for the year.

(a) Tangible capital assets

Tangible capital assets are recorded at cost and are amortized on a straight-line basis over their estimated useful lives using the following annual rates:

Computer equipment	25%
Furniture and other equipment	20%
Communication radios	20%
Computer Software	20%

Employee benefit plan

The Winnipeg Civic Employees' Benefits Program is a multi-employer contributory defined benefit program and accordingly contributions are expenses as incurred. The costs of other retirement benefits have been accounted for based on actuarially determined amounts using the projected benefits method prorated on services and management's best estimate of retirement ages of employees, salary escalation and plan investment performance. Actuarial gains and losses are amortized on a straight-line basis over the average remaining service period. The liabilities are discounted using current interest rates on long-term bonds.

Estimates

The preparation of projected financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions are based on the Agency's best information and judgment and may differ from actual results.

3. FINANCIAL PROJECTION

This financial projection is an estimate of the financial position, results of operations and change in cash flow, for the operations of Animal Services Special Operating Agency, using management's assumptions which reflect the Agency's planned course of action for the three years ending December 31, 2021. Management's judgment has been used in the assumptions and the most probable set of economic conditions, together with the hypotheses stated in Note 4. The hypotheses are consistent with the purpose of the information. Some assumptions inevitably will not materialize and unanticipated events and circumstances may occur subsequent to the date of this projection. Therefore, the actual results achieved during the projected period will vary from the projections.

4. HYPOTHESES

The financial projection has been prepared based on the following hypotheses:

(a) That the City of Winnipeg will agree to provide an annual operating grant of $771,219 in 2019 and 1,271,219 during years 2020-2021.

(b) That the City of Winnipeg will extend a line of credit as detailed in the Financial Statements contained within the Council approved annual Selection Report prepared by the Agency, sufficient for the Agency to carry on operations.

(c) That the Agency will be allowed to purchase any support services required to sustain ongoing operations.

(d) That the Consumer Price Index will remain at 1.6% in 2018, 2.0% for 2019 and 2020.

(e) That the City of Winnipeg will continue their service agreement with the Winnipeg Humane Society, pending approval of the new funding amount. The current service agreement is in place to December 31, 2018.

5. ASSUMPTIONS – REVENUE

(a) Fees and Charges
