Dear : Mr. Pittet

ZONING AGREEMENT AMENDMENT
Location: 51 Kingsclear Drive
Riel Community
File No. ZAA 16/03

An application has been received from David Reid, to amend the Zoning Agreement affecting the property shown below by permitting a rear yard of 43 feet instead of 57.81 feet as required by the Agreement.

RELATED FILES:

SITE DESCRIPTION:

Dimensions:

The subject lot has approximately 50’ of frontage on Kingsclear Drive and a depth of approximately 140’.

Site Area:

The overall site area of the subject lot is approximately 7000 sq. feet.

Existing Land Use and Zoning:

The lot is zoned R1-4 for residential single family development and is occupied with a dwelling. Lands to the rear are vacant and constitute part of what may be a future right-of –way(Dakota Street extension).

DEVELOPMENT DESCRIPTION:

The owners propose to construct an attached 200 sq. foot sunroom addition to the rear of their existing dwelling(S.E. corner). They also propose to construct an open deck of equivalent size along the remaining rear wall area of the dwelling. The deck will presumably be accessed from the proposed sunroom.

ADMINISTRATIVE COMMENTS:

Customarily increased building setbacks from future or existing major rights-of –way are established for noise attenuation purposes and are in accordance with standards set by the Public Works Department. In this case, the setbacks identified in an(dated 1984) old agreement were designed to provide minimum setback from a major future thoroughfare(Dakota St.) which at that time had been envisioned as a major connection to either the Perimeter or the growth areas south of the Perimeter Highway. It is not clear anymore whether that will ever take place. The Province has indicated that they would rather upgrade the existing intersections at St. Annes and St. Marys Rd. and the Perimeter to a level consistant with that which exists at Pembina and the Perimeter These works to be completed well in advance of any connection even being considered at the confluence of Dakota St. and the Perimeter. With that in mind, this Department is prepared to support a marginal encroachment of a deck and sunroom into the subject setback area. Additionally the setback criteria were never intended to apply to accessory uses such as open decks.

RECOMMENDATION:

I. That Zoning Agreement DASZ 31/84(By-Law # 4643/87), dated august 20/86, be amended *by permitting a rear yard of 43 feet instead of 57.81fet as required by the Agreement.*

II. That the City Solicitor be requested to prepare the necessary Amending Agreement to Zoning Agreement DASZ 31/84(By-Law # 4643/87), dated August 20/86, as approved in aforesaid Clause I.

III. That the Proper Officers of the City are hereby authorized to execute said Amending Agreement.

IV. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Act Charter.

Final
