REASON FOR THE REPORT:

The closing of this public street requires a by-law under Section 139 of the City of Winnipeg Charter.

HISTORY:

In February of 1999, the Riel Community Committee approved the closing of portion of Fairfield Avenue identified as "Subject City Property" on Schedule "A" for sale to the Megill-Stephenson Company. Negotiations for the sale of the land were unsuccessful and the matter was placed in abeyance.
The owners of the properties adjacent to the street have offered to purchase the property. The Standing Policy Committee on Property and Development, on September 4, 2003, and Council, on September 23, 2003, approved the terms and conditions of the sale of the land, subject to the enactment of the street closing by-law.

DISCUSSION:

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend current procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.

The following criteria must be met before the authority given in the by-law may be exercised:

1. The proposed closing must have been addressed at a public meeting and received approval from the Committee before which the public meeting took place.
2. The proposed closing and sale must have been approved by the Director of Public Works.
3. The proposed closing must have been submitted to all affected City Departments and public utilities with no objections having been received.
4. Any conditions regarding engineering aspects (i.e. relocation of facilities) must have been mutually agreed to.
5. The terms and conditions of any easement agreements created by the proposed closing and sale must have been addressed.
6. The proposed closing must have been approved by the affected property owner(s).
7. The terms and conditions of any agreements concerning the proposed closing and sale must have been approved by the Director of the department that requested the closing and either the Standing Policy Committee on Fiscal Issues, the Standing Policy Committee on Property and Development, or the Director of the Planning, Property and Development Department, as is appropriate.

All of these conditions have been met.
