Report – Executive Policy Committee – June 11, 2019

Item No. 1 Subdivision and Rezoning – 97 Oak Forest Crescent (Charleswood-Tuxedo-Westwood Ward) File DASZ 9/2019

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On June 11, 2019, the Executive Policy Committee concurred in the recommendation of the Assiniboia Community Committee and submitted the following to Council:

1. That the subdivision under Development Application No. DASZ 9/2019 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor in accordance with Schedule "A" for File DASZ 9/2019 dated April 25, 2019, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office.

2. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land as shown on Schedule "A" for File DASZ 9/2019 dated April 25, 2019, to a "PR-1" Parks and Recreation (Neighbourhood) zoning district and a "R1-L" Residential Single-Family (Large) zoning district.

3. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

4. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if a by-law to implement this report (the "By-law") is not enacted within 2 years after the date on which this report is approved by Council unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.

5. That, upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare and bring it directly to Council for enactment of the By-law in accordance with the above.

6. That the subdivision section of the by-law shall come into force and effect upon registration of the Plan of Subdivision in the Winnipeg Land Titles Office.

7. That the zoning section of the by-law shall come into force and effect when the Plan is registered in the Winnipeg Land Titles Office.

Report – Executive Policy Committee – June 11, 2019

EXECUTIVE POLICY COMMITTEE RECOMMENDATION (continued):

8. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan of Subdivision is not registered in accordance with recommendations 6 and 7 unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

9. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approval signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

5. That, upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare and bring it directly to Council for enactment of the By-law in accordance with the above.

6. That the subdivision section of the by-law shall come into force and effect upon registration of the Plan of Subdivision in the Winnipeg Land Titles Office.

7. That the zoning section of the by-law shall come into force and effect when the Plan is registered in the Winnipeg Land Titles Office.

8. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan of Subdivision is not registered in accordance with recommendations 6 and 7 unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

9. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the necessary Plan approval signatures on behalf of the City have not been secured within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1 year period and Council approves the extension.

10. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

- Rezoning applications require a Public Hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*
- The Report is being submitted for the Committee's consideration of the development application at the Public Hearing.

IMPLICATIONS OF THE RECOMMENDATIONS

- If the recommendations of the Urban Planning Division are concurred in, the subject property may be subdivided and rezoned consistent with the map provided in Schedule "A" of this report.

RECOMMENDATION: Approval

HISTORY

DASZ 11/2016

- On July 13, 2016, Council concurred in the recommendation of the Executive Policy and approved an application to subdivide and rezone of a portion of the existing single-family residential lot from the "R1-L" to "PR1" zoning district, and the existing "PR1" land to the "R1-L" zoning district.

- This proposal came about through the owner of the property at 97 Oak Forest Crescent expressing to the City an interest in exchanging a portion of their property for a portion of the public reserve in order to square off the shape of their lot. The subject property was circulated to all City Departments and no civic need for the subject portion of public reserve land was identified.
- The proposed parcels A and B are equal in size and value, based on an internal appraisal. All costs associated with the subdivision and rezoning and transfer of the land are to be borne by the Applicant.
- While this subdivision and rezoning was approved by Council, the subdivision and rezoning under file no. DASZ 11/2016 was never registered. As such, a new subdivision and rezoning application is required.

SITE DESCRIPTION

- The subject land is located on the west side of Oak Forest Crescent in the Assiniboia Downs Neighbourhood of the Charleswood – Tuxedo - Westwood Ward.
- The subject residential lot is currently 11,124 square feet in area. A one-storey, 2,117 square foot single family dwelling constructed in 2009 is currently located on the property.
- The site is within the Recent Communities Policy Area under the *Complete Communities Direction Strategy* and is currently zoned “R1-L” – Residential Single Family (Large) and “PR-1” – Parks and Recreation (Neighbourhood).

SURROUNDING LAND USE AND ZONING (See Figure 2)

North: Park uses zoned “PR1” – Parks and Recreation (Neighbourhood).

South: Single-family residential uses zoned “R1-L” – Residential Single-Family (Large).

East: Single-family residential uses zoned “R1-L” – Residential Single-Family (Large).

West: Park uses zoned “PR1” – Parks and Recreation (Neighbourhood).

Figure 2: Zoning of the Site and Surrounding Area

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant has communicated to the City of Winnipeg that the subject lot in its current configuration is an odd fan shape which limits the use of the back yard.
- The applicant is proposing to reconfigure the lot to a rectangular shape, by reducing the north side yard and increasing the rear yard. The applicant proposes to acquire the area identified as Parcel B which is approximately 1,047 square feet in exchange for Parcel A which is approximately 1,048 square feet as shown in Figure 3 below.

ANALYSIS AND ISSUES

OURWINNIPEG AND COMPLETE COMMUNITIES DIRECTION STRATEGY

- The *Complete Communities Direction Strategy* is one of four direction strategies supporting *OurWinnipeg*, the City's long-range development plan, and has statutory authority as a secondary plan. The strategy guides land use and development in Winnipeg.
- As noted above, the subject property is classified as an Area of Stability – Mature Community in *Complete Communities'* Urban Structure map. Key policies guiding development within Recent Communities include:
    - Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complementary to the existing scale, character and built form.
    - Ensure that existing public open spaces meet the neighbourhood's current and future requirements.

REZONING

- The current zoning of the subject lands are 'R1-L' Residential Single Family - Large; and 'PR-1' Parks and Recreation (Neighbourhood).
- The Residential Single Family (R1) district is intended to accommodate primarily single-family residential development in lower-density areas.
- The Parks and Recreation 1 (PR1) district is intended for sites that are generally passive neighbourhood and community parks and facilities with predominantly pedestrian and cyclist access. These sites may provide unstructured drop-in play and recreation opportunities, including play structures, passive parks, plazas and natural areas. Generally, there are no parking facilities associated with these uses. These parks and open spaces typically occur in a

residential neighbourhood or riverbank context and are generally accessed by residential streets.

REAL ESTATE

- The proposed land exchange was supported by the City Administration and Council confirmed approval of the exchange on April 29th, 2016. One of the conditions to satisfy the exchange was that the applicant be responsible for subdividing and rezoning the land. As such, the subject application is being made.
- The Owner is also responsible for the installation of fencing along the north and west limits of their property within a reasonable period of time following the Closing Date of the transaction at the owners expense. The intent of the fence is to properly delineate private and public land.

PARKS

- The Parks and Open Space Division of the Public Works Department was consulted at the time of the previous subdivision and rezoning application (DASZ 11/2016), and concurred with the intentions of the Real Estate Department with respect to this exchange of land.

DISCUSSION OF PROPOSED SUBDIVISION AND REZONING

- The proposed land exchange results in the creation of a lot that is more rectangular in shape and allows the current home owner a larger and more functional back yard space. In exchange the current side yard is being reduced and land is being consolidated with the existing City lands that are zoned for public reserve under the “PR1” zoning district.
- The Urban Planning Division does not have any concerns with the proposed reconfiguration of the site as the lot size remains compatible with the surrounding residential properties and there is no loss to the available park amenity space for residents in the neighbourhood.

RECOMMENDATIONS

The Urban Planning Division recommends **approval** for the following reasons:

- The proposed land exchange was previously approved by Council and was supported by the City Administration.
- The subdivision and rezoning formalizes the lot lines and proper zoning district in accordance with the land exchange.
- The land exchange is for equal sized portions of land.
- The land exchange will not have any negative impact on the general use of the existing public reserve lands.
